

This document describes the Housing Finance Agency (HFA) Hardest-Hit Fund (HHF) data that state HFAs are required to provide to the U.S. Department of the Treasury. It includes quarterly borrower characteristic data and program specific performance data. All HFA HHF data submitted to the U.S. Department of the Treasury must be accurate, complete, and in agreement with retained HFA records. Data should be reported by each state HFA by the 45th day following the quarter.

Data requested in the "Borrower Characteristic" worksheet should be reported in aggregate for all HHF programs run by the state HFA. Program specific data is separated into reporting tabs for each individual program. State HFAs should report program performance data on an individual program basis. A data dictionary has been provided to assist in the definition of each data point.

Line 1, 3, 4 : Since applications marked as denied or withdrawn in previous quarters may be reconsidered due to a change in borrower circumstances, some unique borrower counts may not sum in a quarter-over-quarter fashion. Variance of 4 for Withdrawn.

Line 8 & 9 - Totals may not sum quarter to quarter due to rounding. QTD and Cumulative Adminstrative Expenses for Q2- 2019 were incorrectly reported, the correct amounts are \$394,090 and \$40,905,984. Q4-2019 -A payoff was received on one loan and this amount was deducted from the amount of assistance provided instead of being counted as recovered funds.

Line 20 - The Median DTI was reported incorrectly on Q1-2019 as it showed the total household DTI not the frontend DTI.

Line 23 - In Q4-2019, a payoff was received on one loan and this amount was deducted from the amount of assistance provided instead of being counted as recovered funds.
