The QAP states; "Doctor's office staffed full-time"

We called the facility and they are only open Tuesday, Thursday and Fridays from 6 p.m. to 9 p.m. Open for 9 hours a week does not constitute a facility open to the general public full time.

Laura,

Would this count for medical amenity per the definition of the QAP? I believe it does because it is staffed with a full time nurse practitioner but wanted to confirm since we can't submit backups this year.

Please let me know your thoughts.
