Subject: RE: QAP Question

You need to send an individual letter, the same letter the Mayor or County Administrator is receiving, to each City/County Counsel member. The recommendation is they be sent certified but it is not required.

Subject: QAP Question

Regarding CEO notification, last year the QAP had language that the CEO notification letter must include language requesting that a copy of the letter be provided to the City/County Council members. This year, it states that the letter must also be provided to each City/County Council member. Do we need to certify mail each City/County Council member or just include last year's language asking that they receive a copy? Thanks.
