Evan Laws Assistant Development Manager Vitus 1700 Seventh Avenue, Suite 2000 Seattle, WA 98101

Re: Market Study for Spanish Trace Apartments, located in Beaufort, Beaufort County, South Carolina

Dear Mr. Laws:

At your request, Novogradac Consulting LLP has performed a study of the multifamily rental market in the Beaufort, Beaufort County, South Carolina area relative to the above-referenced proposed affordable housing acquisition/rehabilitation project.

The purpose of this market study is to assess the viability of the acquisition/rehabilitation of Spanish Trace (Subject), an existing 88-unit HUD Section 8/LIHTC multifamily property located at 2400 Southside Boulevard, in Beaufort, Beaufort County, South Carolina. Currently, all 88 units operate with HUD Section 8 rental assistance. Post renovation, all of the units will be LIHTC-restricted to families earning at or below 60 percent of the area median income (AMI). In addition, all units will continue to benefit from the Section 8 contract.

We are concurrently preparing an appraisal for the Subject. The following report provides support for the findings of the study and outlines the sources of information and the methodologies used to arrive at these conclusions. The scope of this report meets the requirements of the South Carolina State Housing Finance and Development Authority (SC Housing), including the following:

- Inspecting the site of the proposed Subject and the general location.
- Analyzing appropriateness of the proposed Subject's unit mix, rent levels, available amenities and site.
- Estimating market rent, absorption and stabilized occupancy levels for the market area.
- Investigating the health and conditions of the multifamily housing market.
- Calculating income bands, given the proposed Subject rents.
- Estimating the number of income-eligible households.
- Reviewing relevant public records and contacting appropriate public agencies.
- Analyzing the economic and social conditions in the market area in relation to the proposed project.
- Establishing the Subject Primary and Secondary Market Area(s) if applicable.
- Surveying competing projects, both Low-Income Housing Tax Credit (LIHTC) and market rate.

This report contains, to the fullest extent possible and practical, explanations of the data, reasoning, and analyses that were used to develop the opinions contained herein. The report also includes a thorough analysis of the scope of the study, regional and local demographic and economic studies, and market analyses including conclusions. The depth of discussion contained in the report is specific to the needs of the client.

The Stated Purpose of this assignment is for application. You agree not to use the Report other than for the Stated Purpose, and you agree to indemnify us for any claims, damages or losses that we may incur as the result of your use of the Report for other than the Stated Purpose. Without limiting the general applicability of this paragraph, under no circumstances may the Report be used in advertisements, solicitations and/or any form of securities offering.

This report was developed as the COVID-19 crisis continues to significantly impact the national and global economies. The outbreak of COVID-19 remains a rapidly evolving situation and the long-term effects are still unclear. The national unemployment rate for May 2020 was 13.3 percent, down from a record high of 14.7 percent in April 2020. South Carolina's unemployment rate also reached a record high in April, of 12.8 percent. As of May 2020, the unemployment rate in South Carolina has decreased slightly from April and is 12.5 percent. As of May 4th, South Carolina's stay at home order expired, however businesses began reopening as early as April 20th, including furniture stores, clothing stores, shoe stores, book and craft stores, flea markets, and department stores (excluding hardware and home improvement stores). As of May 4th, restaurants were able to resume outdoor customer dining, with limited dine-in services resuming May 11th. As of May 18th, close contact service providers, including fitness and exercise centers, commercial gyms, cosmetology establishments, and public or commercial pools reopened with limited capacity. As of May 22nd, attractions, including zoos, museums, aquariums, planetariums, historic sites, water parks, amusement park rides, Go-Kart tracks, bingo facilities and miniature golf facilities, reopened. As of May 30th, youth and adult sports leagues resumed.

Please do not hesitate to contact us if there are any questions regarding the report or if Novogradac Consulting LLP can be of further assistance. It has been our pleasure to assist you with this project.

Respectfully submitted. Novogradac Consulting LLP

Property Summary of Subject

Subject Property Overview:

Spanish Trace Apartments, the Subject, is an existing 88-unit Section 8/LIHTC apartment property. The Subject is located at 2400 Southside Boulevard, Beaufort, Beaufort County, SC 29902 and offers 88 revenue-generating units, targeted toward the general population, which consist of one, two, three, and fourbedroom units in 11 two-story garden-style residential buildings and one single-story community building originally constructed in 1980 and renovated in 2006 with LIHTCs. Currently, all units operate with HUD Section 8 rental assistance. According to the rent roll dated June 1, 2020, the Subject is currently 100 percent occupied and maintains a waiting list consisting of 20 households. Post-renovation, all of the units will be LIHTC-restricted to families earning at or below 60 percent of the area median income (AMI). In addition, all units will continue to benefit from the Section 8 contract, with tenants paying just 30 percent of their income toward rent.

Targeted Tenancy:

For SC Housing purposes, the tenancy is considered general population. The targeted tenancy is not age-restricted and will consist of primarily one to six person households. All 88 units are subject to Section 8 restrictions.

Proposed Rents, Unit Mix and Utility Allowance:

The following table details the Subject's proposed rents, utility allowances, unit mix, and unit sizes. It should be noted that all 88 units will continue to benefit from Section 8 subsidies, and tenants will continue to pay 30 percent of income as rent, not to exceed the lesser of the LIHTC rents and contract rents.

PROPOSED RENTS

| Unit Type | Unit Size (SF) | # Units | Asking Rent | Utility Allowance (1) | Gross Rent | 2020 LIHTC Maximum Allowable Gross Rent | Current Contract Rents | Proposed Contract Rents** |

| Total | | 88 | | | | | | |

Notes (1) Source of Utility Allowance provided by the Developer, and based on the HUD rent schedule dated 4/1/2020

^{*}Tenants will pay 30 percent of their income towards rent.

^{**}Based on Third Party Rent Comparability Study (RCS) effective April 15, 2020

Scope of Renovations:

According to information provided by the developer, the total renovation hard costs are estimated to be approximately \$51,000 per unit. Based on the information from the developer, renovations will occur with limited tenant displacement. The scope of renovations includes, but is not limited to: full mill, overlay, and striping of parking and drives; jetting all existing sanitary sewer lines from buildings to street; concrete repair and replacement of all steps, sidewalks, and curbs; making all accessible routes, ramps, and handrails compliant; adding dumpster enclosures; new site lighting; new security cameras; new signage; landscaping upgrades; adding Wi-Fi access to common areas; new playground; replacing mailboxes and overhead cover; upgrading leasing office; ADA compliant community spaces; repairing damaged railings; repairing fencing; new exterior paint; repairing masonry; replacing vinyl siding; replacing all exterior doors; upgrading kitchen flooring, paint, cabinets, and countertops; new appliances; adding microwaves; upgrading bathroom flooring, paint, cabinets, and sinks: upgrading all fixtures and toilets to be low flow; upgrading to energy efficient lighting in units; replacing bathtub and shower surround; replacing ceiling fans and light fixtures; installing new blinds; replacing outlets and covers as necessary; and installing new split systems.

Market Vacancy

The following table illustrates the market vacancy at the comparable properties.

OVERALL VACANCY

| Property Name | Rent Structure | Tenancy | Total Units | Vacant Units | Vacancy Rate |
|---------------------------------------------|----------------|---------|----------------|-----------------|-----------------|
| 123 Club Apartments | LIHTC | Family | 40 | 0 | 0.0% |
| Ashley Pointe Apartments | LIHTC | Family | 56 | 0 | 0.0% |
| Cross Creek | LIHTC/ Market | Family | 144 | 0 | 0.0% |
| Magnolia Park Apartments | LIHTC | Family | 56 | 0 | 0.0% |
| Marsh Pointe | LIHTC | Family | 48 | 0 | 0.0% |
| Sea Pointe | LIHTC | Family | 56 | 0 | 0.0% |
| Shell Pointe | LIHTC | Family | 72 | 0 | 0.0% |
| Abberly Pointe | Market | Family | 240 | 1 | 0.4% |
| Bay South Apartments | Market | Family | 132 | 2 | 1.5% |
| Harbor One Apartments | Market | Family | 162 | 4 | 2.5% |
| Oak Tree Village (FKA: August On Southside) | Market | Family | 98 | 8 | 8.2% |
| Parc At Broad River | Market | Family | 246 | 1 | 0.4% |
| Stuart Towne Apartments | Market | Family | 94 | 0 | 0.0% |
| The Oaks At Broad River Landing | Market | Family | 248 | 0 | 0.0% |
| The Preserve At Port Royal | Market | Family | 400 | 36 | 9.0% |
| Total LIHTC | | | 472 | 0 | 0.0% |
| Total Market Rate | | | 1,620 | 52 | 3.2% |
| Overall Total | | | 2,092 | 52 | 2.5% |

The comparables reported vacancy rates ranging from zero to 9.0 percent, with an average of 2.5 percent. The affordable comparables are fully occupied. Vacancy rates among the market rate comparables range from

zero to 9.0 percent, with an average of 3.2 percent. All affordable comparables and two market rate comparables reported being fully occupied.

The Subject is currently 100 percent occupied with a waiting list consisting of 20 households. The Subject appears to be in average/typical overall condition with average/typical curb appeal. Post-renovation, the Subject will exhibit good overall condition. Therefore, we believe that the Subject will operate with a total vacancy rate of three percent or less, taking into account the improved condition, continuation of the project-based subsidy, and current market activity.

Capture Rates

The following table illustrates the capture rates for the Subject.

CAPTURE RATE ANALYSIS CHART

| Bedrooms/AMI Level | Total Demand | Supply | Net Demand | Units Proposed | Capture Rate | | | | | | |
|--------------------|--------------|--------|------------|----------------|--------------|--|--|--|--|--|--|
| With Subsidy | | | | | | | | | | | |
| 1BR @60% | 1,171 | 0 | 1,171 | 36 | 3.1% | | | | | | |
| 2BR @60% | 1,414 | 0 | 1,414 | 32 | 2.3% | | | | | | |
| 3BR @60% | 667 | 0 | 667 | 16 | 2.4% | | | | | | |
| 4BR @60% | 329 | 0 | 329 | 4 | 1.2% | | | | | | |
| Overall | 3,581 | 0 | 3,581 | 88 | 2.5% | | | | | | |
| | | Absent | Subsidy | | | | | | | | |
| 1BR @60% | 561 | 0 | 561 | 36 | 6.4% | | | | | | |
| 2BR @60% | 678 | 0 | 678 | 32 | 4.7% | | | | | | |
| 3BR @60% | 320 | 0 | 320 | 16 | 5.0% | | | | | | |
| 4BR @60% | 158 | 0 | 158 | 4 | 2.5% | | | | | | |
| Overall | 1,717 | 0 | 1,717 | 88 | 5.1% | | | | | | |

As the analysis illustrates, the Subject's capture rates with subsidy at the 60 percent AMI level range from 1.2 to 3.1 percent. Absent subsidy, the Subject's capture rates at the 60 percent AMI level range from 2.5 to 6.4 percent. The overall capture rates for the Subjects units with and without subsidy are 2.5 and 5.1 percent, respectively and we believe there is adequate demand for the Subject.

Projected Absorption Period

Three of the comparable properties were able to report absorption data. Further, we added three other recently constructed developments within 25 miles of the Subject. The following table details our findings.

ABSORPTION

| Property Name | Rent | Location | Tenancy | Year | Total Units | Absorption (units/month) |
|---------------------------|--------|-----------------|---------|------|----------------|--------------------------|
| Marsh Pointe* | LIHTC | Port Royal, SC | Family | 2018 | 48 | 12 |
| Waters At Magnolia Bay | LIHTC | Summerville, SC | Family | 2017 | 300 | 14 |
| Parc At Broad River* | Market | Beaufort, SC | Family | 2016 | 246 | 20 |
| Ashley Pointe Apartments* | LIHTC | Beaufort, SC | Family | 2016 | 56 | 37 |
| Port Royal Apartments | LIHTC | Beaufort, SC | Family | 2012 | 60 | 30 |
| May River Village | LIHTC | Bluffton, SC | Family | 2011 | 108 | 8 |
| Average | | | | | 125 | 20 |

^{*}Utilized as a rental comparable

If the Subject was completely vacant, we would expect the property should experience a brief lease-up period due to the sustained demand for good quality affordable housing in the PMA. Assuming the Subject was

completely vacant, we believe that the Subject would experience an absorption rate of approximately 21 to 22 units per month. This equates to an absorption period of approximately four months. This is considered largely hypothetical as the Subject's current tenants are expected to remain income eligible to remain at the property post-renovation. As such, we believe the Subject will stabilize within one to two months of rehabilitation completion.

Market Conclusions

Overall in the local multifamily market is performing well with a 2.5 percent vacancy rate among all of the surveyed comparable projects. All seven LIHTC properties are fully occupied and six of these properties maintain waiting lists, suggesting latent demand for affordable housing.

When compared to the current 60 percent rents at the LIHTC properties, the Subject's proposed 60 percent AMI rents appear slightly overstated. None of the LIHTC comparables reported achieving maximum allowable rents at any AMI level. Further, the Subject offers an older product and inferior amenities compared to the LIHTC comparables, Therefore, we have concluded to achievable LIHTC rents below the 2020 maximum allowable levels of \$800, \$900, \$1,025, and \$1,200, for the Subject's one, two, three, and four-bedroom units, respectively, absent subsidy, which offer rent advantages ranging from than 11.1 to 17.5 percent compared to our estimated achievable market rents. This is essentially moot as the Subject will continue to benefit from a HAP contract post-renovation for all units. Overall, we believe that the Subject will be successful in the local market as proposed.

Recommendations

We believe there is ample demand for the Subject in the PMA and the market supports the renovation of the Subject development as proposed. The Subject's overall capture rate is 2.5 percent with subsidy and 5.1 percent without subsidy, both of which are within acceptable demand thresholds and considered excellent. Individual capture rates by bedroom type range from 1.2 to 3.1 percent with subsidy and from 2.5 to 6.4 percent without subsidy, which are all considered reasonable. Between 2019 and market entry, the total number of households is expected to increase at a rate of 1.8 percent annually in the PMA. The Subject site is located within two mile of most community services and facilities that tenants would utilize on a consistent basis.

All seven LIHTC comparables reported being fully occupied, six of which maintain waiting lists. When compared to the current 60 percent rents at the LIHTC properties, the Subject's proposed 60 percent AMI rents appear slightly overstated. None of the LIHTC comparables reported achieving maximum allowable rents at any AMI level. Further, the Subject offers an older product and inferior amenities compared to the LIHTC comparables, Therefore, we have concluded to achievable LIHTC rents below the 2020 maximum allowable levels of \$800, \$900, \$1,025, and \$1,200, for the Subject's one, two, three, and four-bedroom units, respectively, absent subsidy, which offer rent advantages ranging from than 11.1 to 17.5 percent compared to our estimated achievable market rents. This is essentially moot as the Subject will continue to benefit from a HAP contract post-renovation for all units.

Further, there are several apparent strengths of the Subject's site, development scheme, and market, which include:

- Rehabilitation of the Subject's units will positively impact the surrounding area by improving the Subject's neighborhood.
- All of the Subject's 88 units will continue to benefit Section 8 subsidy; thus, tenants will continue to pay 30 percent of their income towards rent.

- The Subject is an existing property with a wait list, and all tenants are expected to remain income qualified post-renovation.
- The Subject will be in good condition upon completion and will fill a need for good quality/newly renovated affordable housing in Beaufort.

As such, we recommend the Subject as proposed, with no suggested modifications.

Long Term Impact on Existing LIHTC Properties in the PMA

Managers at all seven LIHTC properties reported being fully occupied, and six reported a waiting list. With a stable and growing base of low-income tenants, we believe the Subject's rehabilitation will have no long-term impact on the existing area LIHTC apartments. In addition, no new units will be added to the market. Between 2019 and market entry, the total number of households is expected to increase at a rate of 1.8 percent annually in the PMA. Since the Subject will continue to operate with subsidy, we do not expect any impact on the existing low-income rental assisted housing in the market.

Rent versus Buy Analysis

We performed a rent/buy analysis. Our inputs assume a four-bedroom single-family home listing on Zillow in the Subject's neighborhood with a purchase price of \$300,000 and an interest rate of 3.50 percent for a 30-year fixed mortgage with a 10 percent down payment. This was compared to the cost to rent the Subject's four-bedroom unit. This analysis indicates that with a monthly differential of \$613, it is more affordable to rent the Subject's most expensive four-bedroom unit than to purchase a home. The rent buy analysis is illustrated in the following table.

| | RENT BUY ANALYSIS | | | | | |
|----------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|--|--|--|--|--|
| Property Type: Four-Bedroom Single Family Home | | | | | | |
| Sale Price Down Payment at 10% Mortgage Amount Current Interest Rate | \$300,000 \$30,000 \$270,000 3.50% | | | | | |
| Homeownership Costs | Monthly % of Home Value Annual | | | | | |
| Mortgage Payment Property Taxes Private Mortgage Insurance ¹ Maintenance Utility Costs ² Tax Savings | \$1,212 \$14,549 \$313 1.25% \$3,750 \$113 0.50% \$1,350 \$500 2.00% \$6,000 \$0 \$0 -\$273 \$0 \$3,279 | | | | | |
| | Cost Comparison | | | | | |
| | Monthly Annual | | | | | |
| Costs of Homeownership Cost of Renting At Subject Differential | \$1,864 \$22,370 - \$1,251 \$15,012 \$613 \$7,358 | | | | | |
| | Cost of Occupancy | | | | | |
| | Homeownership | | | | | |
| Closing Costs Down Payment at 10% Total | 3.0% \$9,000 10.0% \$30,000 \$39,000 | | | | | |
| | Subject Rental | | | | | |
| First Month's Rent Security Deposit Total | \$1,251 <u>\$1,251</u> \$2,502 | | | | | |

⁽¹⁾ Based upon 0.50 percent of mortgage amount.

As illustrated, the "cash due at occupancy" category adds to \$39,000 for the down payment and closing costs. The cash necessary for homeownership is still a barrier to many families. In general, first-time homebuyers have difficulty saving for a down payment. For this reason, we believe that the Subject will face limited competition from homeownership, especially as a senior development.

⁽²⁾ Utility Costs Included in Rent at Subject

PROJECT DESCRIPTION

Development Location: The Subject is located at 2400 Southside Boulevard, Beaufort,

Beaufort County, SC 29902.

Construction Type: The Subject consists of 11, two-story garden-style residential

buildings and one single-story community building.

Year Built: The Subject was originally built in 1980, renovated with LIHTCs in

2006, and is proposed for renovations utilizing LIHTCs.

Occupancy Type: For SC Housing purposes, the tenancy is considered general

population. The targeted tenancy is not age restricted and will consist of primarily one to six person households. All 88 LIHTC units at the property will continue to be subject to Section 8 restrictions.

Target Income Group: The Subject will continue to target income-qualified family

households with one to six persons. Based on the unit mix, the annual household income levels will range from \$34,060 to \$48,103 for the units at the 60 percent AMI level; however, the Subject will offer subsidized rents allowing tenants to pay 30 percent of their income toward rent, which effectively lowers the

minimum income to \$0.

Special Population Target: None.

Number of Units by Unit Type: The Subject includes 36 one-bedroom units, 32 two-bedroom

units, 16 three-bedroom units, and four four-bedroom units.

Number of Buildings and Stories: The Subject consists of 11, two-story garden-style residential

buildings and one single-story community building.

Unit Mix: The following table summarizes the Subject's unit sizes.

UNIT MIX AND SQUARE FOOTAGE

| Unit Type | Number of Units | Unit Size (SF) | Net Leasable Area |
|-------------|--------------------|-------------------|----------------------|
| 1BR / 1BA | 36 | 628 | 22,608 |
| 2BR / 1BA | 32 | 797 | 25,504 |
| 3BR / 1.5BA | 16 | 1,004 | 16,064 |
| 4BR / 2BA | 4 | 1,230 | 4,920 |
| Total | 88 | | 69,096 |

Structure Type/Design: The Subject offers 11 two-story garden-style residential buildings

and one single-story community building.

Proposed Rents and Utility Allowance:

The following table details the Subject's proposed rents, utility allowances, unit mix, and unit sizes. It should be noted that all 88 units will continue to benefit from Section 8 subsidies, and tenants will continue to contribute 30 percent of income as rent, not to exceed the lesser of the LIHTC rents and contract rents.

PROPOSED RENTS

| Unit Type | Unit Size (SF) | # Units | Asking Rent | Utility Allowance (1) | Gross Rent | 2020 LIHTC Maximum Allowable Gross Rent | Current Contract Rents | Proposed Contract Rents** |
|-------------|-------------------|---------|----------------|-----------------------------|---------------|--------------------------------------------------|------------------------------|---------------------------------|
| | | | | @60% (Section | on 8)* | | | |
| 1BR / 1BA | 628 | 36 | \$828 | \$89 | \$917 | \$917 | \$810 | \$1,000 |
| 2BR / 1BA | 797 | 32 | \$962 | \$139 | \$1,101 | \$1,101 | \$910 | \$1,075 |
| 3BR / 1.5BA | 1,004 | 16 | \$1,116 | \$156 | \$1,272 | \$1,272 | \$1,085 | \$1,425 |
| 4BR / 2BA | 1,230 | 4 | \$1,251 | \$168 | \$1,419 | \$1,419 | \$1,235 | \$1,575 |
| Total | | 88 | | | | | | |

Notes (1) Source of Utility Allowance provided by the Developer, and based on the HUD rent schedule dated 4/1/2020

Utility Structure/Allowance:

The tenants are responsible for all utilities, including gas cooking, gas heating, gas water heating, general electric, cold water, sewer, and trash expenses. The landlord is responsible for all common area utilities. We have utilized the utility allowance provided by the Beaufort Housing Authority, effective May 1, 2020, which is the most recent available to adjust the comparables.

Existing or Proposed Project-Based Rental Assistance:

All 88 of the Subject's LIHTC units will continue to operate with Section 8 subsidy.

Community Amenities

The Subject's community amenities include a basketball court, clubhouse/community room, central laundry facility, off-street parking, on-site management, and playground. Post-renovation, the Subject will offer community Wi-Fi access. The Subject currently offers limited access, perimeter fencing, and video surveillance as a security features. Post-renovation security features will stay the same.

Unit Amenities

The Subject's unit amenities include blinds, carpeting, a coat closet, ceiling fans, central heating and cooling, and exterior storage. Kitchen appliances include a range/oven, refrigerator, and microwave. Post-renovation, in-unit amenities will remain the same.

Current Occupancy/Rent Levels:

The following table shows personal and property crimes for the PMA and MSA as an index, meaning an index of 100 is average. Any number above 100 is above average compared to the national

^{*}Tenants will pay 30 percent of their income towards rent.

^{**}Based on Third Party Rent Comparability Study (RCS) effective April 15, 2020

crime index, while any number below 100 indicates lower than average crime.

CURRENT TENANT-PAID RENTS

| Unit Type | Unit Size (SF) | Number of Units | Occupied Units | Current Contract Rents | Minimum Tenant-Paid Rent | Maximum Tenant-Paid Rent | Average Tenant- Paid Rent |

Source: Rent Roll, dated June 1, 2020

Scope of Renovations:

According to information provided by the developer, the total renovation hard costs are estimated to be approximately \$51,000 per unit. Based on the information from the developer, renovations will occur with limited tenant displacement. The scope of renovations includes, but is not limited to: full mill, overlay, and striping of parking and drives; jetting all existing sanitary sewer lines from buildings to street; concrete repair and replacement of all steps, sidewalks, and curbs; making all accessible routes, ramps, and handrails compliant; adding dumpster enclosures; new site lighting; new security cameras; new signage; landscaping upgrades; adding Wi-Fi access to common areas; new playground; replacing mailboxes and overhead cover; upgrading leasing office; ADA compliant community spaces; repairing damaged railings; repairing fencing; new exterior paint; repairing masonry; replacing vinyl siding; replacing all exterior doors; upgrading kitchen flooring, paint, cabinets, and countertops; new appliances; adding microwaves; upgrading bathroom flooring, paint, cabinets, and sinks; upgrading all fixtures and toilets to be low flow; upgrading to energy efficient lighting in units; replacing bathtub and shower surround; replacing ceiling fans and light fixtures; installing new blinds; replacing outlets and covers as necessary; and installing new split systems.

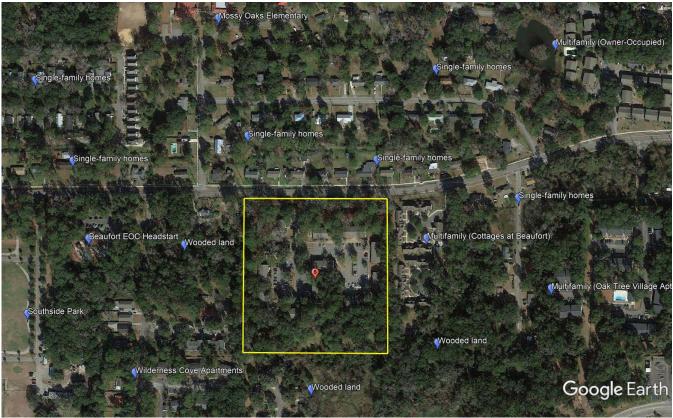

SITE DESCRIPTION

The location of a multifamily property can have a substantial negative or positive impact upon the performance, safety, and appeal of the project. The site description discusses the physical features of the site, as well as the layout, access issues, and traffic flow.

Date of Site Visit: July 16, 2020.

Surrounding Land Uses: The following map and pictures illustrate the surrounding land uses.

Source: Google Earth, August 2020

Physical Features of Site:

The Subject site is rectangular in shape, generally level, and is currently T4-N (Neighborhood). The Subject consists of 11 two-story garden-style residential buildings and one single-story community building situated on 10.6 acres.

Location/Surrounding Uses:

The Subject is located in a mixed-use neighborhood in southern Beaufort, characterized by wooded land, single-family homes, public uses, educational uses, and commercial/retail uses. Land use to the north of the Subject, across Southside Boulevard, includes single-family homes in average condition, followed by Mossy Oaks Elementary School in average condition. Land use to the immediate east of the Subject consists of Cottages at Beaufort, a 35-unit Section 8 age-restricted/assisted living facility, in average condition. This property was excluded from our analysis due to its subsidized rental structure and tenancy. Further east, along Southside Boulevard, are

single-family homes in average condition and Oak Tree Village Apartments, a 96-unit market rate multifamily property in average condition that is 92 percent occupied. This property was utilized as a comparable in our analysis. Further east, along Ribaut Road/State Road 281, are commercial/retail uses including Crave Cupcake Boutique, Urban Nest, Agave Mexican Grill, Alvin Ord's Sandwich Shop, CJ Seafood Express, and Ferguson Plumbing Supply, all of which are in average condition. Land use immediately south of the Subject consists of wooded land, followed by single-family homes in average condition. Land use southwest of the Subject, along State Road S-7 233 includes Wilderness Cove Apartments, a 48-unit LIHTC/USDA multifamily property in average condition. This property was excluded from our rental analysis due to its affordable rental structure. Land use to the immediate west of the Subject consists of single-family homes in average condition, followed by Beaufort Jasper EOC Headstart in average condition. Further west, along Southside Boulevard, land use includes Southside Park. Commercial/retail uses are concentrated along Ribaut Road/State Road 281, to the east of the Subject, and appear to be 90 to 95 percent occupied. Overall, land uses in the Subject's neighborhood are in average condition. There are no observed negative influences or nuisances in the area. Overall, the Subject site is considered a good site for rental housing.

Visibility/Views:

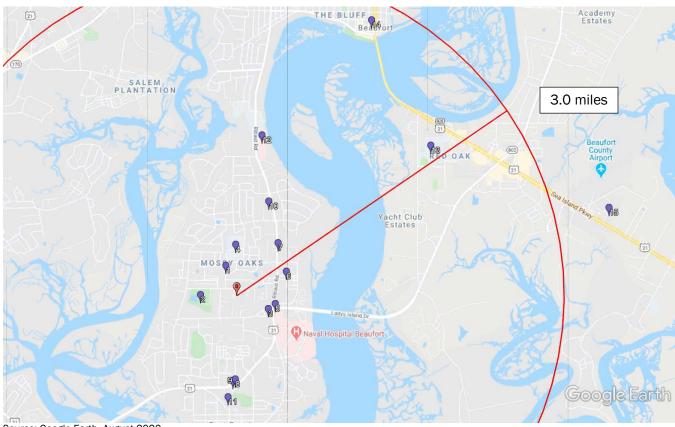

The Subject has average visibility from Southside Boulevard. Views to the north of the Subject consist of single-family homes in average condition. Views to the east of the Subject consist of Cottages at Beaufort, a 35-unit Section 8 age-restricted/assisted living facility, in average condition. Views to the south of the Subject consist of wooded land. Views to the west of the Subject consist of single-family homes in average condition. Overall, visibility and views are considered average/typical.

Detrimental Influence:

We are unaware of any detrimental influences.

Proximity to Local Services:

The Subject is located in reasonable proximity to local services including medical services and retail. The following table details the Subject's distance from key locational amenities. A *Locational Amenities Map* and table is following.

Source: Google Earth, August 2020

LOCATIONAL AMENITIES

| Map # | Service or Amenity | Distance from Subject (Driving) | Distance from Subject (Walking) |
|-------|------------------------------|---------------------------------|---------------------------------|
| 1 | Mossy Oaks Elementary School | 0.3 miles | 0.5 miles |
| 2 | Southside Park | 0.3 miles | 0.4 miles |
| 3 | CVS Pharmacy | 0.3 miles | 0.8 miles |
| 4 | Beaufort Middle School | 0.4 miles | 0.4 miles |

| 6 | Piggly Wiggly | 0.5 miles | 0.6 miles |
| 7 | Family Dollar | 0.6 miles | 0.8 miles |
| 8 | Police Department | 0.8 miles | 1.4 miles |
| 9 | First Federal Bank | 0.8 miles | 1.4 miles |
| 10 | Fire Department | 0.9 miles | 1.4 miles |
| 11 | Post Office | 1.0 miles | 1.5 miles |
| 12 | Beaufort Memorial Hospital | 1.4 miles | 1.8 miles |
| 13 | Beaufort High School | 2.2 miles | 3.9 miles |
| 14 | Downtown Beaufort Library | 2.8 miles | 3.8 miles |
| 15 | Walmart | 3.5 miles | 5.5 miles |

Availability of Public Transportation:

Palmetto Breeze provides public transportation throughout Beaufort County and the Lowcountry area. Routes 501, 502, and 302 run along US Highway 21 which is located 3.0 miles north of the Subject site. Route 501 services the Dale, Stuart Point, Grays Hill, Port Royal, Shell Point, Beaufort and Burton areas. Route 502 services St. Helena, Lady's Island, Port Royal, Beaufort, and Burton areas. And finally, Route 503 services St. Helena, Lady's Island, Port Royal, Beaufort, Burton, Chelsea, Okatie, Bluffton, and Hilton Head Island. Route 302 is a fixed route. Routes 501 and 502 are demand response routes for which you may call at least a day in advance to arrange for van pick up at an appointed time. Fixed route fares range from \$2.50 to \$4.00 one-way depending on the distance of the trip. Weekly or monthly tickets are available with discounts of 10 percent. Fares for the demand response routes range from \$3.75 to \$14.00 one-way depending on the distance of the trip.

Road/Infrastructure Proposed Improvements:

We witnessed no current road improvements within the Subject's immediate neighborhood.

Crime Rates:

The following table illustrates crime statistics in the Subject's PMA compared to the MSA.

2019 CRIME INDICES

| | PMA | MSA |
|---------------------|-----|-----|
| Total Crime* | 167 | 176 |
| Personal Crime* | 171 | 167 |
| Murder | 143 | 134 |
| Rape | 179 | 187 |
| Robbery | 91 | 85 |
| Assault | 210 | 206 |
| Property Crime* | 166 | 177 |
| Burglary | 183 | 170 |
| Larceny | 171 | 190 |
| Motor Vehicle Theft | 87 | 94 |
| | | |

Source: Esri Demographics 2019, Novogradac Consulting LLP, July 2020

Total crime risk indices in the PMA are above the national average and slightly below the surrounding MSA. The Subject currently offers limited access, perimeter fencing, and video surveillance as a security features, and post-renovation security features will remain the same. According to conversations with the Subject's property manager, crime has not been an issue at the Subject site in the past. Eight of the 15 comparables reported offering some sort of security feature; as such, the Subject will be similar to superior to the comparables in terms of security features. Post-renovation, security amenities will remain the same.

Access and Traffic Flow:

The Subject is accessible via the south side of Southside Boulevard. Southside Boulevard is a two-lane lightly traveled neighborhood street generally traversing east/west, providing access to Ribaut Road/State Road 281, approximately 0.4 miles east of the Subject. Ribaut Road/State Road 281 is a moderately traveled four-lane road generally traversing north/south, providing access to Highway 21, approximately 3.0 miles north of the Subject. Highway 21 is a moderately traveled four-lane road, generally traversing north/south, providing access to Highway 17, approximately 15 miles north of the Subject. Highway 17 is a moderately traveled, four-lane road, generally traversing east/west, providing access to Charleston, approximately 50 miles northeast of the Subject, as well as to Interstate 95, approximately 20.0 miles northwest of the Subject. Interstate 95 generally traverses northeast/southwest throughout northern South Carolina, and provides access to neighboring states and metros, including Savannah, approximately 30 miles southwest of the Subject, and Jacksonville, approximately 150 miles to the southwest of the Subject. Overall, access is considered average/typical, and traffic flow in the Subject's immediate area is considered light.

Positive/Negative Attributes:

The Subject will have overall good access to area retail and community services in Beaufort, most of which are within two miles

^{*}Unweighted aggregations

of the Subject site. The Subject is considered to be in an adequate location for an affordable multifamily development.

PRIMARY MARKET AREA

For the purpose of this study, it is necessary to define the market area, or the area from which potential tenants for the project are likely to be drawn. In some areas, residents are very much "neighborhood oriented" and are generally very reluctant to move from the area where they have grown up. In other areas, residents are much more mobile and will relocate to a completely new area, especially if there is an attraction such as affordable housing at below market rents.

The Primary Market Area (PMA) is defined as U.S. Highway 17 to the north, the Atlantic Ocean to the south, Combahee River to the east, and Broad River to the west. The Subject is one of few LIHTC properties in Beaufort, and as such is able to draw from approximately a 15 to 20-minute drive time of the site. Based on interviews with local property managers (including the Subject's), most of the tenants will originate from Beaufort and several other communities in Beaufort County as well as some of the smaller communities in surrounding counties. Therefore, we anticipate that the majority of the Subject's tenants will come from within the boundaries of the PMA. The Subject's PMA is approximately 33.3 square miles. Approximate distances to the farthest boundaries of the PMA in each direction are as follows:

North: 19.1 miles East: 13.1 miles South: 10.6 miles West: 15.3 miles

The PMA includes all or part of the following census tracts:

| C | ensus Tracts |
|-------------|--------------|
| 45013000901 | 450130000200 |
| 45013000902 | 450130000300 |
| 45013000903 | 450130000400 |
| 45013001101 | 450130000501 |
| 45013001102 | 450130000502 |
| 45013001200 | 450130000503 |
| 45013010100 | 450130000600 |
| 45029970800 | 450130000700 |
| 45053950202 | 450130000800 |

The primary market area has been identified based upon conversations with management at market rate and LIHTC properties in the area as well as other market participants in addition to demographic characteristics of census tracts within the area. Although we believe that neighborhood characteristics and geographic/infrastructure barriers are typically the best indicators of PMA boundaries, we have also examined demographic characteristics of census tracts in and around the Beaufort area in an effort to better identify the Subject's PMA. It is important to note however that we do not base our PMA determinations on census tract information alone as these boundaries are rarely known to the average person.

The secondary market area (SMA) for the Subject is considered to be the Hilton Head-Bluffton-Beaufort, SC Metropolitan Statistical Area (MSA), which consists of Beaufort and Jasper Counties.

As per South Carolina State Housing Finance and Development Authority (SC Housing) guidelines, we have provided a table that illustrates the racial characteristics of the PMA, as well as data for the MSA and nation.

2010 POPULATION BY RACE

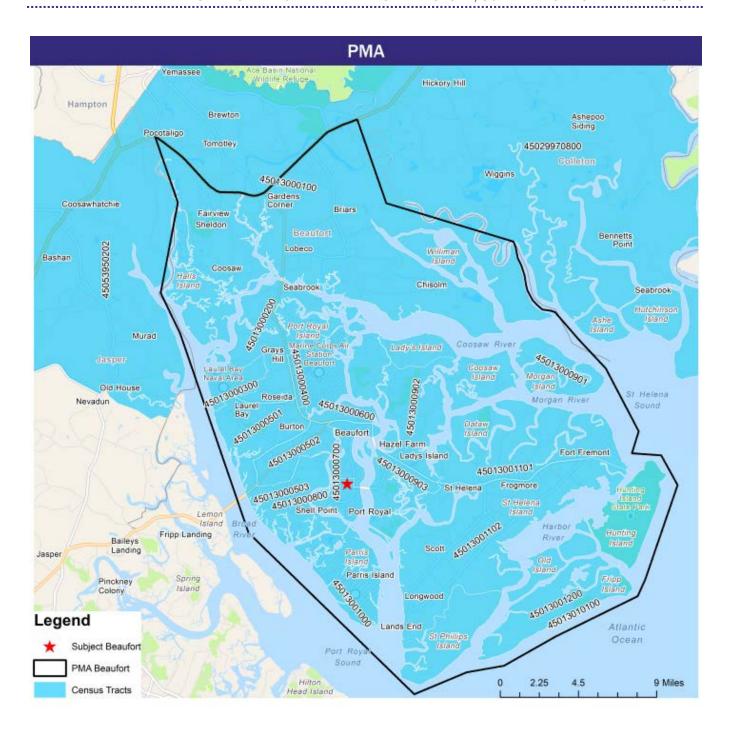

| 2010 FOF CLATION BY RACE | | | | | | |

Source: Esri Demographics 2019, Novogradac Consulting LLP, August 2020

Per specific SC Housing guidelines, we have not accounted for leakage and have assumed 100 percent of demand will come from within the PMA boundaries.

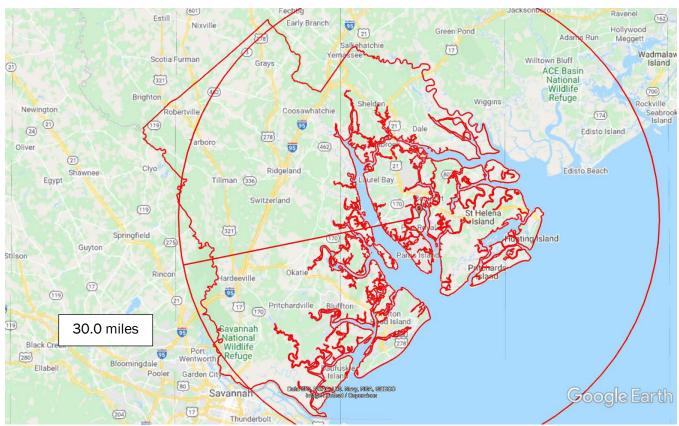

The following maps outline the PMA and MSA, and identifies the census tracts included within the PMA boundaries.

Source: Esri Demographics 2019, Novogradac Consulting LLP, July 2020

Employment in the PMA is concentrated in the healthcare/social assistance, accommodation/food services, and retail trade industries, which collectively comprise 40.1 percent of local employment. The large share of PMA employment in accommodation/food services and retail trade is notable as both industries are historically volatile, are also most vulnerable to COVID-19 related restrictions and shutdowns, and prone to contraction during recessionary periods. However, the PMA also has a significant share of employment in the healthcare industry, which is historically known to exhibit greater stability during recessionary periods. Relative to the overall nation, the PMA features comparatively greater employment in the accommodation/food services, public administration, and construction industries. Conversely, the PMA is underrepresented in the manufacturing, finance/insurance, and professional/scientific/technology services industries.

The following table illustrates the changes in employment by industry from 2000 to 2019, in the Subject's PMA.

2000-2019 CHANGE IN EMPLOYMENT - PMA

| | <u>2000</u> | | <u>20</u> | <u>19</u> | <u>2000-2019</u> | |

Source: Esri Demographics 2019, Novogradac Consulting LLP, August 2020

Total employment in the PMA increased at an annualized rate of 3.3 percent between 2000 and 2019. The industries which expanded most substantially during this period include many industries such as healthcare/social assistance, accommodation/food services, retail trade, construction, public administration, administration/support/waste management services, other services, professional/scientific/technology, manufacturing, transportation/warehousing, and agriculture/forestry/fishing/hunting. Conversely, the utilities, wholesale trade, management of companies/enterprises experienced the least growth and actually contracted during this time period. Overall, we view the rise in healthcare-related employment as a positive aspect of the local economy but the rise in accommodation/food services could be significantly impacted by COVID-19.

^{*}Industry data current as of 2010. Other projections current as of 2019.

^{*} Change in percentage is calculated as a rate of change by industry.

Major Employers

The table below shows the largest employers in Beaufort County.

MAJOR EMPLOYERS - BEAUFORT COUNTY

| Employer | Industry | # of Employees |
|-------------------------------------|-------------------------------|----------------|
| Beaufort County School District | Educational Services | 2,300 |
| Beaufort Memorial Hospital | Healthcare/Social Assistance | 1,600 |
| County of Beaufort | Public Administration | 1,300 |
| Hargray Communications Group Inc. | Prof/Scientific/Tech Services | 885 |
| Marine Corps Community Services | Healthcare/Social Assistance | 624 |
| The Greenery Inc. | Other Services | 650 |
| Wal-Mart Associates Inc. | Retail Trade | 400 |
| University of South Carolina | Educational Services | 389 |

| Publix Super Markets Inc. | Retail Trade | 150 |
| Lowes Home Centers Inc. | Retail Trade | 100 |

Source: Beaufort Chamber of Commerce, July 2020

The largest employer in Beaufort County is the Beaufort County School District, employing over 2,000. The largest employers in Beaufort are concentrated in the educational services, healthcare/social assistance, public administration, professional/scientific/technology services, other services, and retail trade sectors. The concentration of employment in the healthcare/social assistance and public administration sectors is notable, as these sectors are historically known to exhibit greater stability during recessionary periods. We believe that the diverse industries represented by major employers provide stability to the local economy.

Expansions/Contractions

We consulted the City of Beaufort Economic Development Department and the Beaufort County Economic Development Corporation for information on recent business expansions in the area. Further, we conducted internet research on business developments in the area. This information regarding expansions is detailed below.

- According to an article by WJCL 22, StoneWorks, Inc., an interior craftsmanship company, announced in January 2020, that they would be expanding their operations in Beaufort County. As part of this expansion, the company will be relocating to a 37,000 square foot facility located off of Robert Smalls Parkway in Port Royal. The investment will cost \$3.2-million and will create approximately 21 new jobs. The expansion was completed in Spring 2020.
- According to an article dated August 27, 2019 by The Island Packet, a new brewery/restaurant by Salt Marsh Brewing, would be opening at the end of 11th Street in Port Royal. The development will occupy a 11,000 square foot warehouse, as well as a 7,000 square foot outdoor dock, and cost \$4.4-million. Salt Marsh Brewing is expected to open the new development in 16 months and create approximately 70 new jobs.
- Burnt Church Distillery announced in January 2019 its plans to launch new operations in Beaufort County. The expansion will include a 20,000-square-foot distillery which includes a 7,000-square-foot space for tastings, events, merchandise and displays of historical research. The site will also include a 5,000-square-foot rack house for the storage of aging whiskey barrels. Located at 120 Bluffton Road in Bluffton, S.C., approximately 15 miles southwest of the Subject site, the company's new production facility is projected to come online in Fall 2020. Hiring for the new positions is slated to begin in the first quarter of 2020. The company's \$7.7 million investment is projected to create approximately 27

- new manufacturing jobs in the area.
- Blue Sky Processing LLC, a processor of hemp fiber, announced in November 2018 its plans to launch new operations in Beaufort County. The company will be renovating an existing property and will invest \$2.5 million, creating 16 new jobs.
- Spartina 449, an upscale women's lifestyle brand that was named an Inc. 5000 fastest-growing company, announced in March 2018 its plans to expand its accounting and operations divisions at a 40,000 square-foot facility in Bluffton. The expansion will include moving 48 jobs to the larger facility, located approximately 14 miles southwest of the Subject site at 10 Buck Island Road in Bluffton, with plans to add 15 new jobs in the near future.

WARN Notices

The following table illustrates the contractions to the economy of Beaufort County provided by the South Carolina Department of Employment and Workforce between 2017 and 2020 year-to-date (YTD).

WARN LISTINGS
BEAUFORT COUNTY: JANUARY 2017 - 2020 YTD

| Company | Location | Industry | Employees Affected | Туре | Effective Date |
|--------------------------|--------------------|-------------------------------|---------------------------|--------|----------------|
| Beach House Resort | Hilton Head Island | Arts/Entertainment/Recreation | 57 | Layoff | 3/23/2020 |
| HGC Port Royal LLC | Hilton Head Island | Arts/Entertainment/Recreation | 31 | Layoff | 3/25/2020 |
| HGC Shipyard LLC | Hilton Head Island | Arts/Entertainment/Recreation | 25 | Layoff | 3/25/2020 |
| HGC Oyster Reef | Hilton Head Island | Arts/Entertainment/Recreation | 17 | Layoff | 3/25/2020 |
| Spectrum Pharmaceuticals | Bluffton | Prof/Scientific/Tech Services | 1 | Layoff | 4/12/2019 |
| Total | | | 131 | | |

Source: SC Works, July 2020

As the table depicts, there were 131 layoffs/closures in Beaufort that took effect between January 2017 and 2020 YTD. It should be noted that 130 of these layoffs occurred in March 2020 and are likely a result of the ongoing COVID-19 pandemic. However, as previously noted, recent employment expansions exceed these contractions on a net basis.

Employment and Unemployment Trends

The following table details employment and unemployment trends for the MSA from 2004 to May 2020.

Source: U.S. Bureau of Labor Statistics, August 2020

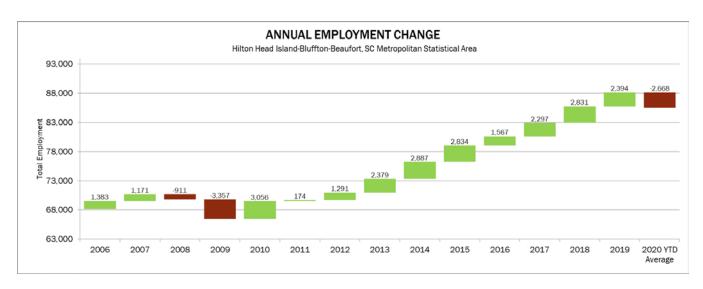

Prior to the Great Recession, average employment growth in the MSA generally exceeded the nation. Total MSA employment contracted by 6.1 percent (2008-2010), slightly above the 4.9 percent contraction reported by the nation as a whole (2008-2010). Employment in the MSA recovered and surpassed pre-recessionary levels in 2012, two years prior to the overall nation. From 2012 to 2019, job growth in the MSA exceeded the nation, most notably in 2014 when the MSA experienced an annual job growth of 3.9 percent, compared to 1.7 percent in the nation. In 2019, employment in the MSA was increasing at an annual rate of 2.8 percent, above the national rate of 1.1 percent. As of May 2020, total employment in the MSA is decreasing at an annualized rate of 7.8 percent, compared to a 12.5 percent decrease across the overall nation.

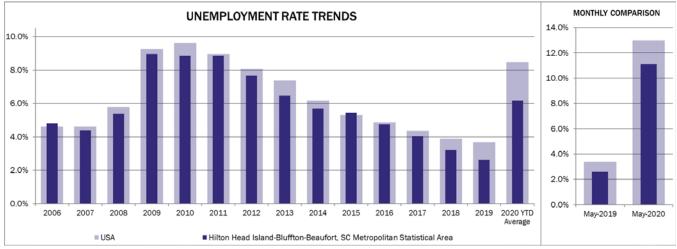

The MSA generally experienced a lower average unemployment rate relative to the overall nation during the years preceding the Great Recession. Unemployment peaked in the MSA in 2009 at 9.0 percent, and has been steadily decreasing every year since. As of 2019, the unemployment rate in the MSA was 2.6 percent, which was below with the national rate of 3.7 percent. According to the most recent labor statistics, as of May 2020, the unemployment rate in the MSA is 11.1 percent, which is lower than the current national unemployment rate of 13.0 percent. The sudden and sharp contraction as of late is due to the economic fallout from the COVID-19 pandemic; thus far, performance in Beaufort is faring better than national trends. The area has a heavy reliance on the tourism sector; typically this industry contracts during recessionary periods. However, given the underlying cause of the current recession, the varying response and approach by the state and municipal governments nationwide, and the uncertainty regarding treatment and vaccine timeframes. It is assumed that tourism will certainly decline by some amount compared to years prior. The economic impact will become more evident in the coming months as restrictions continue to be lifted and stimulus funds work their way through the economy.

The following tables provide more illustration of the changes in employment and unemployment rate trends in the MSA.

^{*2020} data is through May

Housing and Economy

There are nine LIHTC and six subsidized properties in the Subject's PMA, in addition to the Subject. Given the very low vacancy rates and presence of waiting lists among the LIHTC comparables, the availability of housing for low to very low income renters is considered limited.

As noted prior, as of May 2020, the unemployment rate in the MSA is 11.1 percent, which is lower than the current national unemployment rate of 13.0 percent. The current recession caused by COVID-19 could lead residents in Beaufort to consider more affordable housing options, such as the Subject.

According to Zillow, the median home value in Beaufort is \$228,654, up 4.4 percent from last year, but is projected to decrease 1.3 percent within the next year. Further, the single-family home market is still a seller's market, however this may change due to the current economic uncertainty due to COVID-19.

According to RealtyTrac's May 2020 estimates, the city of Beaufort experienced a relatively low foreclosure rate of one in every 1,277 housing units. Beaufort County experienced a slightly lower foreclosure rate compared to the city of Beaufort, and experienced a foreclosure rate of one in every 2,914 housing units in July 2020. The state of South Carolina had a foreclosure rate of one in every 7,238 housing units.

COMMUTING PATTERNS

The following table details travel time to work for residents within the PMA. The average travel time is approximately 24 minutes. Approximately 67.9 percent of households within the PMA have commute times of less than 25 minutes.

COMMUTING PATTERNS

| ACS Commuting Time to Work | Number of Commuters | Percentage |
|----------------------------|---------------------|------------|
| Travel Time < 5 min | V | 4.8% |
| Travel Time 5-9 min | 1,879 | 14.2% |
| Travel Time 10-14 min | 2,934 | 22.1% |

| Travel Time 20-24 min | 1,418 | 10.7% |
| Travel Time 25-29 min | 619 | 4.7% |
| Travel Time 30-34 min | 1,620 | 12.2% |
| Travel Time 35-39 min | 221 | 1.7% |
| Travel Time 40-44 min | 434 | 3.3% |
| Travel Time 45-59 min | 697 | 5.3% |
| Travel Time 60-89 min | 555 | 4.2% |
| Travel Time 90+ min | 98 | 0.7% |

Source: US Census 2019, Novogradac Consulting LLP, August 2020

CONCLUSION

Employment in the PMA is concentrated in the healthcare/social assistance, accommodation/food services, and retail trade industries, which collectively comprise 40.1 percent of local employment. The large share of PMA employment in accommodation/food services and retail trade is notable as both industries are historically volatile, are also most vulnerable to COVID-19 related restrictions and shutdowns, and prone to contraction during recessionary periods. However, the PMA also has a significant share of employment in the healthcare industry, which is historically known to exhibit greater stability during recessionary periods. The largest employer in Beaufort is the Beaufort County School District, employing over 2,000. The largest employers in Beaufort are concentrated in the educational services, healthcare/social assistance, public administration, professional/scientific/technology services, other services, and retail trade sectors. The concentration of employment in the healthcare/social assistance and public administration sectors is notable, as these sectors are historically known to exhibit greater stability during recessionary periods. Prior to the Great Recession, average employment growth in the MSA generally exceeded the nation. As of May 2020, total employment in the MSA is decreasing at an annualized rate of 7.8 percent, compared to a 12.5 percent decrease across the overall nation. According to the most recent labor statistics, as of May 2020, the unemployment rate in the MSA is 11.1 percent, which is lower than the current national unemployment rate of 13.0 percent. The sudden and sharp contraction as of late is due to the economic fallout from the COVID-19 pandemic; thus far, performance in Beaufort is faring better than national trends. The area has a heavy reliance on the tourism sector; typically this industry contracts during recessionary periods. However, given the underlying cause of the current recession, the varying response and approach by the state and municipal governments nationwide, and the uncertainty regarding treatment and vaccine timeframes. E. COMMUNITY DEMOGRAPHIC DATA

COMMUNITY DEMOGRAPHIC DATA

The following sections will provide an analysis of the demographic characteristics within the market area. Data such as population, households and growth patterns will be studied to determine if the Primary Market Area (PMA) and Hilton Head Island-Bluffton-Beaufort, SC Micropolitan Statistical area, which serves as the Secondary Market Area (SMA), are areas of growth or contraction. The discussions will also describe typical household size and will provide a picture of the health of the community and the economy. The following demographic tables are specific to the populations of the PMA, MSA, and nation.

Population Trends

The following tables illustrate (a) Total Population/Growth Rate and (b) Population by Age Group.

POPULATION

Source: Esri Demographics 2019, Novogradac Consulting LLP, August 2020

The PMA experienced an annual population growth rate of 2.2 percent between 2000 and 2010, which was behind the surrounding MSA but greater than the nation, during the same time period. Population growth in the PMA slowed slightly between 2010 and 2019 to a rate of 1.5 percent annually, slightly slower to the MSA, but greater than the nation. Annualized PMA growth is expected to be approximately 1.5 percent through market entry and 2024, slightly slower to the MSA but greater than the overall nation.

The population in the PMA in 2019 was concentrated in the age groups of 20 to 24 and 25 to 29, and combined these age groups represent 17.0 percent of the total population in the PMA. Through market entry the age groups 15 to 19 and 20 to 24 will have the highest representation in the PMA.

Source: Esri Demographics 2019, Novogradac Consulting LLP, August 2020

The PMA experienced an annual household growth rate of 3.2 percent between 2000 and 2010, behind the MSA but faster than the nation. Household growth in the PMA decreased to an annual growth rate of 1.8 percent between 2010 and 2019, slightly slower than the MSA and above the nation. Annualized PMA growth is projected to be 1.8 percent through market entry and 2024, slightly below the MSA and above the overall nation. The average household size is expected to remain stable in the PMA from 2019 through market entry and 2024, similar to the MSA and nation. The number of persons in group quarters decreased in the PMA between 2000 and 2019, similar to the MSA but opposite of the nation. Note that forecasted data for the population in group quarters is not available as growth in this population is more often a result of changes to local facilities than macro demographic trends.

Households by Tenure

The table below depicts household growth by tenure from 2000 through 2024.

TENURE PATTERNS PMA

| | | PM | 1A | |
|---------------------|---------|---------------|------------|-------------|
| | Owner-O | ccupied Units | Renter-Occ | upied Units |
| Year | Number | Percentage | Number | Percentage |
| 2000 | 13,436 | 68.1% | 6,298 | 31.9% |
| 2010 | 16,364 | 62.8% | 9,694 | 37.2% |
| 2019 | 19,684 | 65.0% | 10,614 | 35.0% |
| Projected Mkt Entry | 20,744 | 65.4% | 10,977 | 34.6% |
| 2024 | 21,672 | 65.7% | 11,294 | 34.3% |

Source: Esri Demographics 2019, Novogradac Consulting LLP, August 2020

The preceding table details household tenure patterns in the PMA since 2000. The percentage and number of renter households in the PMA increased between 2000 and 2019, and is estimated to be 35.0 percent as of 2019. This is slightly above the estimated 32.4 percent of renter households across the overall nation. The percentage of renter households in the PMA is expected to decrease slightly through market entry and 2024, while the number of renters is projected to increase slightly during this time period.

Household Income Distribution

The following table depicts household income in the PMA from 2019 to 2024.

HOUSEHOLD INCOME PMA

| | PMA | | | | | | |
|-------------------|--------|------------|--------|------------|-------------|-----------------|--|
| Income Cohort | 2 | 019 | 20 | 24 | Annual Chan | ge 2019 to 2024 | |

As proposed, the Subject will target households earning between zero and \$56,760, and between \$31,440 and \$56,760 absent subsidy. As the table above depicts, approximately 59.9 percent of households in the PMA earned less than \$60,000 in 2019.

Renter Household Income Distribution

The following tables depict renter household incomes in the PMA in 2019, market entry, and 2024.

RENTER HOUSEHOLD INCOME DISTRIBUTION - PMA

| Income Cohort | 2019 Projected Mkt Entry | | d Mkt Entry | 2024 | | |
|-------------------|--------------------------|------------|-------------|------------|--------|------------|

Source: HISTA Data / Ribbon Demographics 2019, Novogradac Consulting LLP, August 2020

Renter households with incomes less than \$60,000 represent 73.9 percent of the renter households in the PMA in 2019, and this share is expected to decrease slightly through market entry and 2024.

Renter Households by Number of Persons in the Household

The following table illustrates household size for renter households in the PMA.

RENTER HOUSEHOLDS BY NUMBER OF PERSONS - PMA

| Household Size | 2019 | | Project | Projected Mkt Entry | | 2024 | |
|------------------|--------|------------|---------|---------------------|--------|------------|--|
| | Number | Percentage | Number | Percentage | Number | Percentage | |
| 1 Person | 7,042 | 28.7% | 7,476 | 29.1% | 7,855 | 29.4% | |
| 2 Persons | 6,308 | 25.8% | 6,565 | 25.6% | 6,790 | 25.4% | |

Source: HISTA Data / Ribbon Demographics 2019, Novogradac Consulting LLP, August 2020

The Subject offers one, two, three, and four-bedroom units and will generally be catered to households consisting of one to six people. Thus, as indicated in the previous table, the Subject will support nearly all sizes of renter households within the PMA.

Conclusion

The PMA experienced an annual population growth rate of 2.2 percent between 2000 and 2010, which was behind the surrounding MSA but above the nation, during the same time period. Household growth in the PMA slowed to an annual growth rate of 1.5 percent between 2010 and 2019, slower than the MSA but above the nation. Annualized PMA growth is expected to be approximately 1.5 percent through market entry and 2024, slower than the MSA but above the overall nation. The average household size is expected to remain stable in the PMA from 2019 through market entry and 2024, similar to the MSA and nation during the same time period. Renter households with incomes less than \$60,000 represent 73.9 percent of the renter households

in the PMA in 2019, and this share is expected to decrease slightly through market entry and 2024. Many of these households would income-qualify at the Subject.

F. PROJECT-SPECIFIC DEMAND ANALYSIS

PROJECT SPECIFIC DEMAND ANALYSIS

The following demand analysis evaluates the potential amount of qualified households, which the Subject would have a fair chance at capturing. The structure of the analysis is based on the guidelines provided by SC Housing.

1. Income Restrictions

LIHTC rents are based upon a percentage of the Area Median Gross Income (AMI), adjusted for household size and utilities. South Carolina State Housing Finance and Development Authority (SC Housing) will estimate the relevant income levels, with annual updates. The rents are calculated assuming that the maximum net rent a household will pay is 30 percent of its household income at the appropriate AMI level.

Household size is assumed to be 1.5 persons per bedroom for general population projects. For example, for one-bedroom units we assume the average income limits of a one- and two person household and for three bedroom units we assume the average income limits for a four- and five person household. This applies to family projects. For elderly projects, we have used a maximum income based on two-person households. Additionally HUD assumes that one-person households are accommodated in one-bedroom units. For LIHTC income purposes, the actual size of the household is used.

To assess the likely number of tenants in the market area eligible to live in the Subject, we use Census information as provided by ESRI Business Information Solutions to estimate the number of potential tenants who would qualify to occupy the Subject as a LIHTC project.

The maximum income levels are based upon information obtained from the Rent and Income Limits Guidelines Table as accessed from Novogradac Consulting's website.

2. Affordability

As discussed above, the maximum income for LIHTC units is set by SC Housing while the minimum is based upon the minimum income needed to support affordability. This is based upon a standard of 35 percent. Lower and moderate-income families typically spend greater that 30 percent of their income on housing. These expenditure amounts can range higher than 50 percent depending upon market area. However, the 30 to 40 percent range is generally considered a reasonable range of affordability. SC Housing guidelines utilize 35 for families and 40 percent for senior households, which we will use to set the minimum income levels for the demand analysis.

3. Minimum and Maximum Income Levels

The following tables illustrate the minimum and maximum allowable income levels for the Subject's units, as proposed with rental assistance and as proposed absent subsidy.

FAMILY INCOME LIMITS - AS PROPOSED

| Unit Type | Minimum Allowable Income | Maximum Allowable Income |
|-----------|--------------------------|--------------------------|
| | @60% (Section 8) | |
| 1BR | \$ 0 | \$39,120 |
| 2BR | \$0 | \$44,040 |
| 3BR | \$ 0 | \$52,860 |
| 4BR | \$0 | \$56,760 |

FAMILY INCOME LIMITS - ABSENT SUBSIDY

| Unit Type | Minimum Allowable Income | Maximum Allowable Income |
|-----------|--------------------------|--------------------------|
| | @60% | |
| 1BR | \$31,440 | \$39,120 |
| 2BR | \$37,749 | \$44,040 |
| 3BR | \$43,611 | \$52,860 |
| 4BR | \$48,651 | \$56,760 |

4. Demand

The demand for the Subject will be derived from two sources: existing households and new households. These calculations are illustrated on the attached table.

4a. Demand from New Renter Households

The number of new households entering the market is the first level of demand calculated. South Carolina State Housing Finance and Development Authority (SC Housing) has requested that we utilize 2019 as the base year for the analysis, with demographic projections to 2022 (Subject's market entry/anticipated completion date). This is considered the gross potential demand for the Subject property. This number is adjusted for income eligibility and renter tenure.

4b. Demand from Existing Households

Demand for existing households is estimated by summing three sources of potential tenants, plus a fourth allowance for other demand, if deemed applicable. (a) The first source is tenants who are rent overburdened. These are households who are paying over 35 percent of their income in housing costs for general occupancy housing or over 40 percent of their income in housing costs for elderly housing. This number is estimated using Census 2010 or American Community Survey (ACS) data. (b) The second source is households living in substandard housing. This number is estimated using 2010 Census data. (c) The third source is those seniors likely to move from their own homes into rental housing. Data from the American Housing Survey and interviews with area senior apartment property managers regarding the number or share of current renters who originated from homeownership must be used to refine the analysis. The Subject is urban and generally not likely to attract homeowners seeking to downsize into a family rental unit. (d) The fourth potential "Other" source of demand is demand which may exist that is not captured by the above methods, which may be allowed if the factors used can be fully justified.

4c. Additions to Supply

South Carolina State Housing Finance and Development Authority (SC Housing) guidelines indicate that units in all competing projects that were allocated, under construction, placed in service, or funded in 2019 as well as those units at properties that have not reached a stabilized occupancy of 93 percent should be removed from the demand analysis. There are no such properties in the PMA.

5. Method - Capture Rates

The above calculations and derived capture rates are illustrated in the following table.

60% AMI/Section 8

Conclusions

Several factors affect the indicated capture rates and are discussed following.

- The number of general population in the PMA is expected to increase 1.5 percent between 2019 and projected market entry of March 2022.
- This demand analysis does not measure the PMA's or Subject's ability to attract additional or latent demand into the market from elsewhere by offering an affordable option. We believe this to be moderate and therefore the demand analysis is somewhat conservative in its conclusions because this demand is not included.

The following table illustrates demand and net demand for the Subject's units. Note that these capture rates are not based on appropriate bedroom types, as calculated previously.

| Sub Total | 3,581 | 1,717 | 3,581 | 812 | 3,581 |
| Demand from Existing Households - Elderly Homeowner Turnover (Limited to 20% where applicable) | 0 | 0 | 0 | 0 | 0 |
| Equals Total Demand | 3,581 | 1,717 | 3,581 | 812 | 3,581 |
| Less | - | - | - | - | - |
| Competitive New Supply | 0 | 0 | 0 | 0 | 0 |
| Equals Net Demand | 3,581 | 1,717 | 3,581 | 812 | 3,581 |

Note that the above *Demand and Net Demand* estimates include all income-eligible renter households. These estimates are then adjusted to reflect only the size-appropriate households by bedroom type in the following *Capture Rate Analysis*.

CAPTURE RATE ANALYSIS CHART

| Bedrooms/AMI Level | Total Demand | Supply | Net Demand | Units Proposed | Capture Rate | | | | |
|--------------------|--------------|--------|------------|----------------|--------------|--|--|--|--|
| With Subsidy | | | | | | | | | |
| 1BR @60% | 1,171 | 0 | 1,171 | 36 | 3.1% | | | | |
| 2BR @60% | 1,414 | 0 | 1,414 | 32 | 2.3% | | | | |
| 3BR @60% | 667 | 0 | 667 | 16 | 2.4% | | | | |
| 4BR @60% | 329 | 0 | 329 | 4 | 1.2% | | | | |
| Overall | 3,581 | 0 | 3,581 | 88 | 2.5% | | | | |
| Absent Subsidy | | | | | | | | | |
| 1BR @60% | 561 | 0 | 561 | 36 | 6.4% | | | | |
| 2BR @60% | 678 | 0 | 678 | 32 | 4.7% | | | | |
| 3BR @60% | 320 | 0 | 320 | 16 | 5.0% | | | | |
| 4BR @60% | 158 | 0 | 158 | 4 | 2.5% | | | | |
| Overall | 1,717 | 0 | 1,717 | 88 | 5.1% | | | | |

As the analysis illustrates, the Subject's capture rates with subsidy at the 60 percent AMI level range from 1.2 to 3.1 percent. Absent subsidy, the Subject's capture rates at the 60 percent AMI level range from 2.5 to 6.4 percent. The overall capture rates for the Subjects units with and without subsidy are 2.5 and 5.1 percent, respectively and we believe there is adequate demand for the Subject.

Absorption Rate Projected Absorption Period

Three of the comparable properties were able to report absorption data. Further, we added three other recently constructed developments within 25 miles of the Subject. The following table details our findings.

ABSORPTION

| Property Name | Rent | Location | Tenancy | Year | Total Units | Absorption (units/month) |
|---------------------------|--------|-----------------|---------|------|----------------|-----------------------------|
| Marsh Pointe* | LIHTC | Port Royal, SC | Family | 2018 | 48 | 12 |
| Waters At Magnolia Bay | LIHTC | Summerville, SC | Family | 2017 | 300 | 14 |
| Parc At Broad River* | Market | Beaufort, SC | Family | 2016 | 246 | 20 |
| Ashley Pointe Apartments* | LIHTC | Beaufort, SC | Family | 2016 | 56 | 37 |
| Port Royal Apartments | LIHTC | Beaufort, SC | Family | 2012 | 60 | 30 |
| May River Village | LIHTC | Bluffton, SC | Family | 2011 | 108 | 8 |
| Average | | | | | 125 | 20 |

^{*}Utilized as a rental comparable

If the Subject was completely vacant, we would expect the property should experience a brief lease-up period due to the sustained demand for good quality affordable housing in the PMA. Assuming the Subject was completely vacant, we believe that the Subject would experience an absorption rate of approximately 21 to 22 units per month. This equates to an absorption period of approximately four months. This is considered largely hypothetical as the Subject's current tenants are expected to remain income eligible to remain at the property post-renovation. As such, we believe the Subject will stabilize within one to two months of rehabilitation completion.

SURVEY OF COMPARABLE PROJECTS

Comparable properties are examined on the basis of physical characteristics, i.e. building type, age/quality, level of common amenities, absorption, as well as similarity in rent. We attempted to compare the Subject to complexes from the competing market to provide a broader picture of the health and available supply in the market. We surveyed many properties that we chose not to use in the survey because they were not as comparable to the Subject as others that were selected.

Description of Property Types Surveyed/Determination of Number of Tax Credit Units

We interviewed numerous properties to determine which ones were considered "true" competition for the Subject. Several properties in the market area were interviewed and not included because of their dissimilarity or other factors. Fully subsidized properties were excluded due to differing rent structures from the Subject; however, it should be noted that subsidized properties in the market area were found to have stable occupancies. The following table illustrates the excluded properties.

EXCLUDED PROPERTIES

| Property Name | Туре | Tenancy | Reason for Exclusion |
|------------------------------|-----------------|---------|----------------------|
| Arbor Village Homes | LIHTC | Family | Unable to contact |
| Laurel Hill Apartments | LIHTC | Senior | Tenancy |
| Waterford Cove I & II | LIHTC | Family | Unable to contact |
| Port Royal | LIHTC/RD | Family | Subsidized |
| Wilderness Cove Apartments | LIHTC/RD | Family | Subsidized |
| Wilderness Too Apartments | LIHTC/RD | Family | Subsidized |
| Mossy Oaks Village Townhomes | LIHTC/Section 8 | Family | Subsidized |
| Cottages at Beaufort | Section 8 | Senior | Subsidized |
| Parkview Apartments | Section 8 | Family | Subsidized |
| Reisdence at Battery Creek | Market | Family | Unable to contact |
| Ribaut | Market | Family | Not yet stabilized |
| Legends of North Broad | Market | Family | Not yet stabilized |
| Habersham Row | Market | Family | Not yet stabilized |
| Diamond Townhouses | Market | Family | Unable to contact |
| Waterleaf at Battery Creek | Market | Family | Not yet stabilized |

Pipeline Construction/LIHTC Competition

We were unable to reach a contact with the city of Beaufort Planning Department regarding planned, proposed, or under construction developments in the PMA. Therefore, we conducted online research and utilized a CoStar new construction report. The results of our findings are detailed below.

- Legends North of Broad is an under construction 200-unit market rate development to be located at 100 Pinckney Marsh Lane in Beaufort. The development will offer 90 one-bedroom units, 82, two-bedroom units, and 28 three-bedroom units targeted towards the general population. Amenities will include central laundry facilities, a pool, grill, pet play area, and walking/biking trails. Construction is expected to be completed in 2021. As Legends North of Broad is a market rate development, it will not directly compete with the Subject.
- Habersham Row is an under construction 48-unit market rate development to be located at 1 Village
 Row in Beaufort. The development will offer 16 one-bedroom units and 32 two-bedroom units targeted
 towards the general population. Amenities will include a playground, pool, tennis court, waterfront, pet
 play area, walking/biking trails, and on-site maintenance. Construction is expected to be completed in
 2021. As Habersham Row is a market rate development, it will not directly compete with the Subject.

According to the South Carolina State Housing Finance and Development Authority (SC Housing) LIHTC allocation lists from 2017 to 2020 year-to-date, two properties have been allocated tax credits within the PMA within the last three years, which are detailed below.

- Ribaut Senior Village was allocated LIHTCs in 2018 for the new construction of 49 one and twobedroom units restricted to seniors aged 55 and older. Of the 49 units, 10 are restricted to households earning 50 percent of the AMI, 35 are restricted to households earning 60 percent of the AMI, and four are market rate. Due to the tenancy at this property, no units will directly compete with the Subject.
- 123 Club was allocated LIHTCs in 2017 for the acquisition/rehabilitation of an existing 40-unit LIHTC development, originally constructed in 1995. Of the 40 units, eight are restricted to households earning 50 percent of the AMI and 32 are restricted to households earning 60 percent of the AMI. This property will directly compete with the Subject and has been utilized as a comparable in our analysis.

Comparable Properties

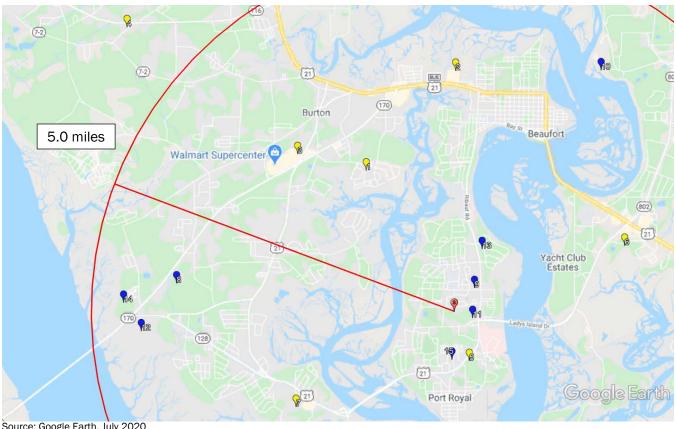

Property managers and realtors were interviewed for information on unit mix, size, absorption, unit features and project amenities, tenant profiles, and market trends in general. Our competitive survey includes 15 "true" comparable properties containing 2,092 units.

The availability of LIHTC data is considered good. We included seven affordable developments located between 0.6 and 6.0 miles from the Subject, all of which are located within the PMA. The market rate data is considered good. However, it should be noted that there is a lack of four-bedroom market rate comparables within the PMA. We included eight market rate properties located between 0.3 and 4.5 miles from the Subject, all of which are located within the PMA. Overall, we believe the availability of data is adequate to support our conclusions. Overall, we believe the market rate properties we used in our analysis are the most comparable. Other market rate properties were excluded based on unit types and inability to contact the properties.

A detailed matrix describing the individual competitive properties as well as the proposed Subject is provided on the following pages. A Comparable Properties Map, illustrating the location of the Subject in relation to comparable properties is also provided on the following page. The properties are further profiled in the write-ups following. The property descriptions include information on vacancy, turnover, absorption, age, competition, and the general health of the rental market, when available. Throughout the course of performing this analysis of the local rental market, many apartment managers, realtors, leasing agents, and owners were contacted in person, or through the telephone or email.

COMPARABLE RENTAL PROPERTY MAP

- The property accepts Housing Choice Vouchers. Currently, there are 13 tenants utilizing HCVs. The property maintains a waiting list of 146 households. The contact claimed that the property reached full occupancy one and a half months after beginning leasing, which means they absorbed roughly 37 units per month. She also mentioned that she believed that demand for affordable housing in the area is high, as she referenced the property's extensive waiting list.
- The contact noted that the property has not experienced a significant impact on operations due to the ongoing pandemic, as it is 100 percent occupied and maintains a waiting list. However, the contact stated that rents have been kept at 2019 maximum allowable levels in response to COVID-19, and there are no plans to raise to 2020 levels.

- The contact stated this property accepts Housing Choice Vouchers; however, she could not provide the number of tenants currently utilizing them. The percentage of HCV tenants in the profile reflects an interview conducted with the same contact in December 2017. The contact reported that demand for both affordable and market rate units at the property has been very high over the past year and a half and estimated a typical occupancy rate of 98 to 100 percent. Rents for the affordable units have remained at maximum allowable levels throughout 2019 and market-rate rents have increased between three to five percent.
- 3Q19 The contact had no additional comments.
- 4Q19 The property manager stated that all seven of the vacant units is currently pre-leased.
- The contact noted that some tenants have been affected by job losses and furloughs due to the ongoing COVID-19 pandemic. The property is offering payment plans to residents having difficulty paying rent.

- The contact reported a high turnover rate but attributed this to the large number of military tenants. The contact estimated 12 percent of tenants are seniors. The property does not accept Section 8 Housing Choice Vouchers. The water, sewer, and trash bill is paid directly to the landlord in a separate bill from the monthly rent; this bill is \$15 per person per month. Given that the fee is based on the number of persons in the unit as opposed to the size of the unit, we have not included this in the asking rent line item of the unit mix table and reflected it as not included in the rent. The property maintains a waiting list of three households all waiting for one-bedroom units. The contact stated that she believes demand for rental housing in the area to be high because of the proximity to the military bases in the area.
- The contact reported a high turnover rate but attributed this to the large number of military tenants. Garage parking is available for \$120 per month. The property does not accept Housing Choice Vouchers.
- The property manager stated that there is a lot of foot traffic of possible tenants interested in living at the property. The major employment industries are the military, education, and healthcare.
- The property does not accept Housing Choice Vouchers. The contact reported the property has generally been unaffected by the ongoing COVID-19 pandemic.

Trend: Comments

The contact stated management has been fully renovating units as they come available since 2014. Renovations include new flooring, appliances, fresh paint, updated kitchens, and new light fixtures. Units that have been renovated lease for an additional monthly amount but the contact was unable to provide an exact figure as the degree of renovations varies by unit. The rents listed in the unit mix are the starting rents. The contact was able to provide the max rent for a two-bedroom unit indicating that the highest two-bedroom rent is \$1,200 per month, which suggests a rent range for upgrade premiums of approximately \$250. One-bedroom rents have decreased by three percent, two-bedroom rents have increased by eight to nine percent, and three-bedroom rents have either remained the same or decreased by six percent since December 2016.

1Q18 N/A

3Q19 The contact had no additional comments.

Washer/dryer hookups are available in three-bedroom units and select two-bedroom units. The contact reported that the property has not experienced a significant impact on leasing, as the property is 100 percent occupied.

Trend: Comments

- The contact reported typical occupancy above 95 percent during 2014.
- 4Q16 The contact reported rents can vary based on selected in-unit amenities. Contact stated the 934 square foot one-bedroom unit is typically the most in demand of all units offered and includes an attractive floor plan featuring 30 foot ceilings, a wood-burning fireplace, and two walk in closets.
- The property manager was unable to provide a current price for the 1,192 square foot two-bedroom units as none are currently available and the property uses an LRO pricing system. The manager stated that the majority of tenants work with the military and in the healthcare industry.
- The property does not accepts Housing Choice Vouchers. The contact reported that the property has not experienced a significant impact on operations due to COVID-19, as the property is 100 percent occupied.

Comments

The 693 square foot one-bedroom floor-plan includes a garage, which is why it rents for a premium compared to other one-bedroom units. The contact could not provide an explanation for the large increase in rents. This property does not accept Housing Choice Vouchers. The contact noted that it is taking longer to fill vacant units due to COVID-19.

Trend: Comments

- Management does not accept Housing Choice Vouchers. The variation in price comes from changes in amenities depending on the unit and floor. The more expensive units include microwaves, have better views, and have hardwood floors throughout and are located on the first floor. A unit with top amenities and on the first floor will lease for an additional \$80 per month above the starting prices which are listed in the unit mix table. The contact could not provide an exact unit breakdown of the property's vacancies, but was able to identify that there are six one-bedroom units and four two-bedroom units that are currently vacant. Water, sewage, and trash are not included in the rents but are charged to the tenants monthly through management. One-bedroom units pay \$33 per month and two-bedroom units pay \$44 per month for these utilities. Storage units are available in three different sizes 10'x20', 8'x10', and 5'x10'. These storage units rent for \$99, \$75, and \$50, respectively. The contact stated that he believes demand for rental housing in the area is high.
- The variation in price comes from changes in amenities depending on the unit and floor. The more expensive units include microwaves, have better views, and have hardwood floors throughout and are located on the first floor. A unit with top amenities and on the first floor will lease for an additional \$80 per month above the starting prices which are listed in the unit mix table. Storage units are available in three different sizes 10'x20', 8'x10', and 5'x10'. These storage units rent for \$99, \$75, and \$50, respectively. Garage parking is available for \$99 per month. Washer/dryers are available for \$50 per month. The relatively high turn over rate is due to the large number of military households that reside at the property. The property does not accept Housing Choice Vouchers.
- 4Q19 The 693 square foot one-bedroom floor-plan includes a garage, which is why it rents for a premium compared to other one-bedroom units. The property manager stated that nine of the 24 vacant units are currently pre-leased. The contact was unable to update the units absorbed per month.
- The 693 square foot one-bedroom floor-plan includes a garage, which is why it rents for a premium compared to other one-bedroom units. The contact could not provide an explanation for the large increase in rents. This property does not accept Housing Choice Vouchers. The Subject is located in a mixed-use neighborhood in Beaufort. All of the comparables are located within 6.0 miles of the Subject in the towns of Beaufort and Port Royal. 123 Club Apartments, Ashley Pointe Apartments, Bay South Apartments, Oak Tree Village, and Stuart Towne Apartments are located in similar neighborhoods to the Subject, offering similar median income, median rent, and median home value. Cross Creek, Magnolia Park Apartments, Marsh Pointe, Shell Pointe, Abberly Pointe, Parc at Broad River, The Oaks at Broad River Landing, and The Preserve at Port Royal are located in slightly inferior neighborhoods compared to the Subject, as these areas offer slightly inferior median income, median home value, and generally lower Walk Scores, but slightly superior median rent. Sea Pointe and Harbor One Apartments are located in slightly superior neighborhoods compared to the Subject, offering superior median income, median rent, and median home value, but lower Walk Scores. Overall, the Subject is located in a similar to slightly superior location when compared to the majority of comparables.

Unit Size

The following table summarizes unit sizes in the market area, and provides a comparison of the Subject's unit size and the surveyed average unit sizes in the market.

UNIT SIZE COMPARISON

| Bedroom Type | 1BR | 2BR | 3BR | 4BR |
|------------------------|------|-------|-------|-------|
| Subject | 628 | 797 | 1,004 | 1,230 |
| Average | 750 | 1,038 | 1,227 | - |
| Min | 645 | 800 | 1,000 | - |
| Max | 934 | 1,243 | 1,414 | - |
| Advantage/Disadvantage | -16% | -23% | -18% | - |

The Subject's unit sizes are smaller than the averages among the comparables, however it should be noted that none of the comparables offer four-bedroom units. The one and two-bedroom units are below the comparable ranges, while three-bedroom units are within the comparables range, but at the low end. The Subject has historically performed well, despite offering smaller than average unit sizes. However, we have considered the Subject's unit sizes in determining our achievable market rents.

Vacancy

The following table illustrates the market vacancy at the comparable properties.

OVERALL VACANCY

| Property Name | Rent Structure | Tenancy | Total Units | Vacant Units | Vacancy Rate |
|---------------------------------------------|----------------|---------|----------------|-----------------|-----------------|
| 123 Club Apartments | LIHTC | Family | 40 | 0 | 0.0% |
| Ashley Pointe Apartments | LIHTC | Family | 56 | 0 | 0.0% |
| Cross Creek | LIHTC/ Market | Family | 144 | 0 | 0.0% |
| Magnolia Park Apartments | LIHTC | Family | 56 | 0 | 0.0% |
| Marsh Pointe | LIHTC | Family | 48 | 0 | 0.0% |
| Sea Pointe | LIHTC | Family | 56 | 0 | 0.0% |
| Shell Pointe | LIHTC | Family | 72 | 0 | 0.0% |
| Abberly Pointe | Market | Family | 240 | 1 | 0.4% |
| Bay South Apartments | Market | Family | 132 | 2 | 1.5% |
| Harbor One Apartments | Market | Family | 162 | 4 | 2.5% |
| Oak Tree Village (FKA: August On Southside) | Market | Family | 98 | 8 | 8.2% |
| Parc At Broad River | Market | Family | 246 | 1 | 0.4% |
| Stuart Towne Apartments | Market | Family | 94 | 0 | 0.0% |
| The Oaks At Broad River Landing | Market | Family | 248 | 0 | 0.0% |
| The Preserve At Port Royal | Market | Family | 400 | 36 | 9.0% |
| Total LIHTC | | | 472 | 0 | 0.0% |
| Total Market Rate | | 1,620 | 52 | 3.2% | |
| Overall Total | | | 2,092 | 52 | 2.5% |

The comparables reported vacancy rates ranging from zero to 9.0 percent, with an average of 2.5 percent. The affordable comparables are fully occupied. Vacancy rates among the market rate comparables range from zero to 9.0 percent, with an average of 3.2 percent. All affordable comparables and two market rate comparables reported being fully occupied.

The Subject is currently 100 percent occupied with a waiting list consisting of 20 households. The Subject appears to be in average/typical overall condition with average/typical curb appeal. Post-renovation, the

Subject will exhibit good overall condition. Therefore, we believe that the Subject will operate with a total vacancy rate of three percent or less, taking into account the improved condition, continuation of the project-based subsidy, and current market activity.

LIHTC Vacancy - All LIHTC Properties in PMA

There are 416 total LIHTC units in the PMA that we included in this comparable analysis. There are zero vacancies among these units and six of the seven properties maintain waiting lists. This indicates strong demand for affordable rental housing in the PMA.

REASONABILITY OF RENTS

This report is written to South Carolina State Housing Finance and Development Authority (SC Housing) guidelines. Therefore, the conclusions contained herein may not be replicated by a more stringent analysis. We recommend that the sponsor understand the guidelines of all those underwriting the Subject development to ensure the proposed rents are acceptable to all.

Rents provided by property managers at some properties may include all utilities while others may require tenants to pay all utilities. To make a fair comparison of the Subject rent levels to comparable properties, rents at comparable properties are typically adjusted to be consistent with the Subject. Adjustments are made using the South Carolina Regional Authority Number One, effective January 1, 2020, the most recent available. The rent analysis is based on net rents at the Subject as well as surveyed properties.

The following table summarizes the Subject's proposed 60 percent AMI net rents compared to the maximum allowable 60 percent AMI rents in the SMA where comparables are located and the net 60 percent AMI rents at the comparables.

1BR **Property Name** 2BR 3BR 4BR Rents at Max? County **Tenancy Spanish Trace Apartments** \$828 \$962 \$1,116 \$1,251 Yes **Beaufort Family** \$1,251 LIHTC Maximum Rent (Net) **Beaufort** \$828 \$962 \$1,116 \$475 \$553 123 Club Apartments Beaufort Family No Ashley Pointe Apartments Beaufort Family \$870 \$980 No Cross Creek Beaufort Family \$707 \$835 \$928 No Magnolia Park Apartments Beaufort Family \$969 \$1,099 No Marsh Pointe Beaufort \$725 \$798 Family No Sea Pointe \$896 Beaufort Family \$1,015 No Shell Pointe Beaufort Family \$971 \$1,102 No -**Average** \$707 \$820 \$925 Achievable LIHTC Rent, Absent Subsidy \$800 \$900 \$1,025 \$1,200 Yes

LIHTC RENT COMPARISON @60%

The Subject's proposed 60 percent AMI rents are set at the 2020 maximum allowable levels. None of the LIHTC comparables reported achieving the 2020 LIHTC maximum allowable rents at 60 percent AMI. Multiple comparables noted that their rents have remained at 2019 maximum allowable levels, as they are waiting until COVID-19 begins to subside before increasing rents to 2020 maximum levels; however, no specific dates for the planned increase were mentioned. One comparable, 123 Club Apartments noted that rents are purposefully kept below the maximum levels, while Marsh Pointe stated that rents are below maximum levels due to increase restrictions. Therefore, we believe LIHTC rents below the 2020 maximum allowable levels will

be achievable at the Subject, similar to the comparables. The Subject is considered most similar to Magnolia Park Apartments and Shell Pointe.

Magnolia Park Apartments is a 56-unit, garden-style development located 6.0 miles northwest of the Subject site, in a neighborhood considered slightly inferior relative to the Subject's location. The property was built in 2001, and currently exhibits similar condition relative to the Subject post renovation. The manager at Magnolia Park Apartments reported the property as fully occupied with a waiting list, indicating the current rents are well accepted in the market. Magnolia Park Apartments walk-in closets, washer/dryer hookups, dishwashers, garbage disposals, a business center, and swimming pool, all of which the Subject lacks. However, the Subject will offer common area Wi-Fi, which is not offered by Magnolia Park Apartments. The amenities offered by Magnolia Park Apartments are considered superior to the proposed Subject's amenities. In overall terms, we believe the Subject to be a slightly inferior product relative to Magnolia Park Apartments.

Shell Pointe is a 72-unit, garden-style development located 2.5 miles southwest of the Subject site, in a neighborhood considered slightly inferior relative to the Subject's location. The property was built in 2005, exhibiting similar condition relative to the Subject post renovation. The manager at Shell Pointe reported the property as 100 occupied with a waiting list, indicating the current rents are well accepted in the market. Shell Pointe offers walk-in closets, washer/dryer hookups, dishwashers, garbage disposals, a business center, and picnic area, all of which the Subject lacks. However, the Subject will offer common area Wi-Fi, which is not offered by Shell Pointe. The amenities offered by Shell Pointe are considered superior to the proposed Subject's amenities. In overall terms, we believe the Subject to be a slightly inferior product relative to Shell Pointe.

Based on the above, we believe the proposed LIHTC rents are slightly overstated. None of the LIHTC comparables reported achieving maximum allowable rents at any AMI level. Further, the Subject offers an older product and inferior amenities compared to the LIHTC comparables, Therefore, we have concluded to achievable LIHTC rents below the 2020 maximum allowable levels of \$800, \$900, \$1,025, and \$1,200, for the Subject's one, two, three, and four-bedroom units, respectively, absent subsidy.

Achievable Market Rents

Based on the quality of the surveyed comparable properties and the anticipated quality of the proposed Subject, we conclude that the Subject's rental rates are below the achievable market rates for the Subject's area. We have prepared Section 8 rent adjustment grids in the Addenda to this report. The following table shows both adjusted market rent comparisons and achievable market rents.

| ACTION A DATE OF DECEMBER OF DESIGNATION OF THE PROPERTY OF TH | A O DELIGITATED | | A D IIIOTE CELIT |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|-------|------------------|
| COMPARABLE PROPERTY RENT SUMMARY - | . AC DENIMALEN | | |
| COMPARABLE PROFERIT REINT SUMMART - | · AS RENUVALED | AFIER | ADJUSTNIENT |

| Unit Type | Size (SF) | Proposed LIHTC Rent | Surveyed Minimum | Surveyed Maximum | Surveyed Adjusted Average | Subject's Achievable Market Rent - As Renovated | Subject Rent Adv | 2020 HUD FMR | Subject Rent Adv over FMR |
|-----------|--------------|---------------------------|---------------------|---------------------|---------------------------------|-------------------------------------------------------------|------------------------|--------------------|---------------------------------------|
| 1BR/1BA | 628 | \$828 | \$829 | \$1,058 | \$942 | \$970 | 14.6% | \$899 | 7.9% |
| 2BR/1BA | 797 | \$962 | \$947 | \$1,197 | \$1,026 | \$1,025 | 6.1% | \$1,025 | 6.4% |
| 3BR/1.5BA | 1,004 | \$1,116 | \$1,040 | \$1,191 | \$1,145 | \$1,160 | 3.8% | \$1,160 | 17.6% |
| 4BR/2BA | 1,230 | \$1,251 | \$1,230 | \$1,383 | \$1,338 | \$1,350 | 7.3% | \$1,806 | 30.7% |

^{*}Based off NOVOCO's rent analysis (grids located in Addendum B)

The Subject's achievable LIHTC rents are well below the achievable market rents, and below the range of the market rate comparables. The Subject's proposed LIHTC rents represent a rent advantage of 3.8 to 14.6 percent over the achievable market rents. Further, the Subject's proposed LIHTC rents represent an advantage

of 6.4 percent or more over 2020 HUD Fair Market Rents. We compared the Subject to Abberly Pointe and Harbor One Apartments, as they are the most similar comparables to the Subject as proposed.

Abberly Pointe is a 240-unit, garden-style development located 3.8 miles west of the Subject site, in a neighborhood considered slightly inferior relative to the Subject's location. This property was constructed in 2009. We consider the condition of this property similar relative to the Subject post renovation. The manager at Abberly Pointe reported the property was 99.6 percent occupied, indicating the current rents are well accepted in the market. The amenities offered by Abberly Pointe are considered superior relative to the Subject's amenities. In overall terms, we believe the proposed Subject to be a slightly inferior product relative to Abberly Pointe. Our concluded achievable market rents for the Subject's units are below the adjusted rents for Abberly Pointe. The following table compares the Subject with Abberly Pointe.

SUBJECT COMPARISON TO ABBERLY POINTE

| Unit Type | Rent Level | Subject Pro Forma Rent | Square Feet | Subject RPSF | Abberly Pointe Rent* | Square Feet | Abberly Pointe RPSF | Subject Rent Advantage |
|-------------|------------------|------------------------------|----------------|-----------------|----------------------------|----------------|---------------------------|------------------------------|
| 1BR / 1BA | @60% (Section 8) | \$828 | 628 | \$1.32 | \$1,058 | 699 | \$1.51 | 21.7% |
| 2BR / 1BA | @60% (Section 8) | \$962 | 797 | \$1.21 | \$1,197 | 931 | \$1.29 | 19.6% |
| 3BR / 1.5BA | @60% (Section 8) | \$1,116 | 1,004 | \$1.11 | - | - | - | - |
| 4BR / 2BA | @60% (Section 8) | \$1,251 | 1,230 | \$1.02 | - | - | - | - |

^{*}Adjusted rents from grids

Harbor One Apartments is a 162-unit, garden-style development located 3.9 miles northeast of the Subject site, in a neighborhood considered slightly superior relative to the Subject's location. This property was constructed in 1997 and most recently renovated in 2014. We consider the condition of this property similar relative to the Subject post renovation. The manager at Harbor One Apartments reported the property was 97.5 percent occupied, indicating the current rents are well accepted in the market. The amenities offered by Magnolia Ridge Apartments are considered superior relative to the Subject's amenities. In overall terms, we believe the proposed Subject to be a slightly inferior product relative to the Harbor One Apartments. Our concluded achievable market rents for the Subject's units are slightly below the adjusted rents reported by Harbor One Apartments. The following table compares the Subject with Harbor One Apartments.

SUBJECT COMPARISON TO ABBERLY POINTE

| Unit Type | Rent Level | Subject Pro Forma Rent | Square Feet | Subject RPSF | Harbor One Apartments Rent* | Square Feet | Harbor One Apartments RPSF | Subject Rent Advantage |
|-------------|------------------|---------------------------------|----------------|-----------------|-----------------------------------|----------------|----------------------------------|------------------------------|
| 1BR / 1BA | @60% (Section 8) | \$828 | 628 | \$1.32 | - | - | - | - |
| 2BR / 1BA | @60% (Section 8) | \$962 | 797 | \$1.21 | - | - | - | - |
| 3BR / 1.5BA | @60% (Section 8) | \$1,116 | 1,004 | \$1.11 | \$1,178 | 1,189 | \$0.99 | 5.3% |
| 4BR / 2BA | @60% (Section 8) | \$1,251 | 1,230 | \$1.02 | \$1,372 | 1,189 | \$1.15 | 8.8% |

^{*}Adjusted rents from grids

In conclusion, we believe that the Subject's achievable market rents are \$970, \$1,025, \$1,160, and \$1,350 for its one, two, three, and four-bedroom units, respectively. Our concluded market rents result in a rent advantage of 3.8 to 14.6 percent for the Subject's proposed LIHTC rents.

Impact of Subject on Other Affordable Units in Market

Managers at all of the LIHTC properties reported being fully occupied, and all but one reported maintaining a waiting list. With a limited supply of affordable housing options for the general population in the market and a

stable and growing base of low-income tenants, we believe the Subject's rehabilitation will have no long-term impact on the existing area LIHTC apartments. In addition, no new units will be added to the market. Between 2019 and market entry, the total number of households is expected to increase at a rate of 1.8 percent annually in the PMA. Since the Subject will continue to operate with a subsidy, we do not expect any impact on the existing low-income rental assisted housing in the market.

Rent versus Buy Analysis

We performed a rent/buy analysis. Our inputs assume a four-bedroom single-family home listing on Zillow in the Subject's neighborhood with a purchase price of \$300,000 and an interest rate of 3.50 percent for a 30-year fixed mortgage with a 10 percent down payment. This was compared to the cost to rent the Subject's four-bedroom unit. This analysis indicates that with a monthly differential of \$613, it is more affordable to rent the Subject's most expensive four-bedroom unit than to purchase a home. The rent buy analysis is illustrated in the following table.

| RE | IT BUY ANALYSIS |
|----------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|
| Property Type: | Four-Bedroom Single Family Home |
| Sale Price Down Payment at 10% Mortgage Amount Current Interest Rate | \$300,000 \$30,000 \$270,000 3.50% |
| Homeownership Costs | Monthly % of Home Value Annual |
| Mortgage Payment Property Taxes Private Mortgage Insurance ¹ Maintenance Utility Costs ² Tax Savings | \$1,212 \$14,549 \$313 1.25% \$3,750 \$113 0.50% \$1,350 \$500 2.00% \$6,000 \$0 \$0 -\$273 \$0 \$3,279 |
| | Cost Comparison |
| | Monthly Annual |
| Costs of Homeownership Cost of Renting At Subject Differential | \$1,864 \$22,370 - \$1,251 \$15,012 \$613 \$7,358 |
| (| ost of Occupancy |
| | Homeownership |
| Closing Costs Down Payment at 10% Total | 3.0% \$9,000 10.0% \$30,000 \$39,000 |
| | Subject Rental |
| First Month's Rent Security Deposit Total | \$1,251 <u>\$1,251</u> \$2,502 |

⁽¹⁾ Based upon 0.50 percent of mortgage amount.

As illustrated, the "cash due at occupancy" category adds to \$39,000 for the down payment and closing costs. The cash necessary for homeownership is still a barrier to many families. In general, first-time homebuyers have difficulty saving for a down payment. For this reason, we believe that the Subject will face limited competition from homeownership, especially as a senior development.

 $[\]hbox{\ensuremath{(2)} Utility Costs Included in Rent at Subject}\\$

Availability of Affordable Housing Options

There are zero vacant LIHTC units among the seven LIHTC comparables surveyed, and six of the LIHTC comparables maintain waiting lists. Therefore, the availability of LIHTC housing targeting low and moderate incomes is considered constrained given the demographic growth of the PMA. The renovation of the Subject would improve the existing housing stock in the PMA for affordable housing.

Summary Evaluation of the Proposed Project

Overall in the local multifamily market is performing well with a 2.5 percent vacancy rate among all of the surveyed comparable projects. All seven LIHTC properties are fully occupied and six of these properties maintain waiting lists, suggesting latent demand for affordable housing.

When compared to the current 60 percent rents at the LIHTC properties, the Subject's proposed 60 percent AMI rents appear slightly overstated. None of the LIHTC comparables reported achieving maximum allowable rents at any AMI level. Further, the Subject offers an older product and inferior amenities compared to the LIHTC comparables, Therefore, we have concluded to achievable LIHTC rents below the 2020 maximum allowable levels of \$800, \$900, \$1,025, and \$1,200, for the Subject's one, two, three, and four-bedroom units, respectively, absent subsidy, which offer rent advantages ranging from than 11.1 to 17.5 percent compared to our estimated achievable market rents. This is essentially moot as the Subject will continue to benefit from a HAP contract post-renovation for all units. Overall, we believe that the Subject will be successful in the local market as proposed.

INTERVIEWS

The following section details interviews with local market participants regarding the housing market.

Planning

Pipeline Construction/LIHTC Competition

We were unable to reach a contact with the city of Beaufort Planning Department regarding planned, proposed, or under construction developments in the PMA. Therefore, we conducted online research and utilized a CoStar new construction report. The results of our findings are detailed below.

- Legends North of Broad is an under construction 200-unit market rate development to be located at 100 Pinckney Marsh Lane in Beaufort. The development will offer 90 one-bedroom units, 82, two-bedroom units, and 28 three-bedroom units targeted towards the general population. Amenities will include central laundry facilities, a pool, grill, pet play area, and walking/biking trails. Construction is expected to be completed in 2021. As Legends North of Broad is a market rate development, it will not directly compete with the Subject.
- Habersham Row is an under construction 48-unit market rate development to be located at 1 Village
 Row in Beaufort. The development will offer 16 one-bedroom units and 32 two-bedroom units targeted
 towards the general population. Amenities will include a playground, pool, tennis court, waterfront, pet
 play area, walking/biking trails, and on-site maintenance. Construction is expected to be completed in
 2021. As Habersham Row is a market rate development, it will not directly compete with the Subject.

LIHTC Competition / Recent and Proposed Construction

According to the South Carolina State Housing Finance and Development Authority (SC Housing) LIHTC allocation lists from 2017 to 2020 year-to-date, two properties have been allocated tax credits within the PMA within the last three years, which are detailed below.

- Ribaut Senior Village was allocated LIHTCs in 2018 for the new construction of 49 one and twobedroom units restricted to seniors aged 55 and older. Of the 49 units, 10 are restricted to households earning 50 percent of the AMI, 35 are restricted to households earning 60 percent of the AMI, and four are market rate. Due to the tenancy at this property, no units will directly compete with the Subject.
- 123 Club was allocated LIHTCs in 2017 for the acquisition/rehabilitation of an existing 40-unit LIHTC development, originally constructed in 1995. Of the 40 units, eight are restricted to households earning 50 percent of the AMI and 32 are restricted to households earning 60 percent of the AMI. This property will directly compete with the Subject and has been utilized as a comparable in our analysis.

Section 8/Public Housing

We interviewed Mr. David Lavendol with the Beaufort Housing Authority (843-525-7059) for information regarding the local voucher program. Mr. Lavendol indicated that the authority is authorized to distribute 599 tenant-based Housing Choice Vouchers. Of those vouchers, 573 are currently in use. The remaining vouchers are not in use due to a lack of housing. According to Mr. Lavendol, the waiting list is currently closed. The following table illustrates the current payment standards for the program as of December 1, 2019.

PAYMENT STANDARDS

| Bedroom Type | Standard | Subject Highest Proposed Gross LIHTC Rent |
|--------------|----------|-------------------------------------------|
| 1BR | \$989 | \$917 |
| 2BR | \$1,131 | \$1,101 |
| 3BR | \$1,431 | \$1,272 |
| 4BR | \$1,987 | \$1,419 |

As indicated in the previous table, payment standards all units are above the Subject's highest proposed LIHTC rents, indicating tenants in these units would not have to pay additional money out of pocket. However, as the Subject's units will continue to benefit from Section 8 subsidy post-renovation, tenants will continue to pay 30 percent of their income towards rent and portable vouchers will not be necessary.

Property Managers

The results from our interviews with property managers are included in the comments section of the property profile reports.

I. RECOMMENDATIONS

Recommendations

We believe there is ample demand for the Subject in the PMA and the market supports the renovation of the Subject development as proposed. The Subject's overall capture rate is 2.5 percent with subsidy and 5.1 percent without subsidy, both of which are within acceptable demand thresholds and considered excellent. Individual capture rates by bedroom type range from 1.2 to 3.1 percent with subsidy and from 2.5 to 6.4 percent without subsidy, which are all considered reasonable. Between 2019 and market entry, the total number of households is expected to increase at a rate of 1.8 percent annually in the PMA. The Subject site is located within two mile of most community services and facilities that tenants would utilize on a consistent basis.

All seven LIHTC comparables reported being fully occupied, six of which maintain waiting lists. When compared to the current 60 percent rents at the LIHTC properties, the Subject's proposed 60 percent AMI rents appear slightly overstated. None of the LIHTC comparables reported achieving maximum allowable rents at any AMI level. Further, the Subject offers an older product and inferior amenities compared to the LIHTC comparables, Therefore, we have concluded to achievable LIHTC rents below the 2020 maximum allowable levels of \$800, \$900, \$1,025, and \$1,200, for the Subject's one, two, three, and four-bedroom units, respectively, absent subsidy, which offer rent advantages ranging from than 11.1 to 17.5 percent compared to our estimated achievable market rents. This is essentially moot as the Subject will continue to benefit from a HAP contract post-renovation for all units.

Further, there are several apparent strengths of the Subject's site, development scheme, and market, which include:

- Rehabilitation of the Subject's units will positively impact the surrounding area by improving the Subject's neighborhood.
- All of the Subject's 88 units will continue to benefit Section 8 subsidy; thus, tenants will continue to pay 30 percent of their income towards rent.
- The Subject is an existing property with a wait list, and all tenants are expected to remain income qualified post-renovation.
- The Subject will be in good condition upon completion and will fill a need for good quality/newly renovated affordable housing in Beaufort.

As such, we recommend the Subject as proposed, with no suggested modifications.

J. SIGNED STATEMENT REQUIREMENTS

I affirm that I have made a physical inspection of the market and surrounding area and the information obtained in the field has been used to determine the need and demand for new rental LIHTC units. I understand that any misrepresentation of this statement may result in denial of further participation in the South Carolina State Housing Finance and Development Authority's programs. I also affirm that I have no financial interest in the project or current business relationship with the ownership entity and my compensation is not contingent on this project being funded. This report was written according to the South Carolina State Housing Finance and Development Authority (SC Housing) market study requirements. The information included is accurate and can be relied upon by South Carolina State Housing Finance and Development Authority (SC Housing) to present a true assessment of the low-income housing rental market.

Respectfully submitted, Novogradac Consulting LLP

VI. REAL ESTATE ASSIGNMENTS

A representative sample of Due Diligence, Consulting, or Valuation Engagements includes:

In general, have managed and conducted numerous market analyses and appraisals for various types of commercial real estate since 2003, with an emphasis on affordable multifamily housing.

Conducted and managed appraisals of proposed new construction, rehab and existing Low-Income Housing Tax Credit properties, Section 8 Mark-to-Market properties, HUD MAP Section 221(d)(4) and 223(f) properties, USDA Rural Development, and market rate multifamily developments on a national basis. Analysis includes property screenings, economic and demographic analysis, determination of the Highest and Best Use, consideration and application of the three traditional approaches to value, and reconciliation to a final value estimate. Both tangible real estate values and intangible values in terms of tax credit valuation, beneficial financing, and PILOT are considered. Additional appraisal assignments completed include commercial land valuation, industrial properties for estate purposes, office buildings for governmental agencies, and leasehold interest valuation. Typical clients include developers, lenders, investors, and state agencies.

Managed and conducted market studies for proposed Low-Income Housing Tax Credit, HUD MAP, market rate, HOME financed, USDA Rural Development, and HUD subsidized properties, on a national basis. Analysis includes property screenings, market analysis, comparable rent surveys, demand analysis based on the number of income qualified renters in each market, supply analysis and operating expense analysis. Property types include proposed multifamily, senior independent living, large family, acquisition/rehabilitation, historic rehabilitation, adaptive reuse, and single family developments. Typical clients include developers, state agencies, syndicators, investors, and lenders.

Completed and have overseen numerous Rent Comparability Studies in accordance with HUD's Section 8 Renewal Policy and Chapter 9 for various property owners and local housing authorities. The properties were typically undergoing recertification under HUD's Mark to Market Program.

Performed and managed market studies and appraisals of proposed new construction and existing properties insured and processed under the HUD Multifamily Accelerated Processing (MAP) program. These reports meet the requirements outlined in HUD Handbook 4465.1 and Chapter 7 of the HUD MAP Guide for 221(d)(4) and 223(f) programs.

Performed and have overseen numerous market study/appraisal assignments for USDA RD properties in several states in conjunction with acquisition/rehabilitation redevelopments. Documents are used by states, lenders, USDA, and the developer in the underwriting process. Market studies are compliant to State, lender, and USDA requirements. Appraisals are compliant to lender requirements and USDA HB-1-3560 Chapter 7 and Attachments.

Performed appraisals for estate valuation and/or donation purposes for various types of real estate, including commercial office, industrial, and multifamily assets. These engagements were conducted in accordance with the Internal Revenue Service's Real Property Valuation Guidelines, Section 4.48.6 of the Internal Revenue Manual.

Performed analyses of various real estate asset types subject to USDA 4279-B, Business and Industry Guaranteed Loans, Section 4279.150 guidelines.

Conducted various Highest and Best Use Analyses for proposed development sites nationwide. Completed an analysis of existing and proposed senior supply of all types of real estate, and conducted various demand and feasibility analyses in order to determine level of need and ultimate highest and best use of the site.

Prepared a three-year Asset Management tracking report for a 16-property portfolio in the southern United States. Data points monitored include economic vacancy, levels of concessions, income and operating expense levels, NOI and status of capital projects. Data used to determine these effects on the project's ability to meet its income-dependent obligations.

Performed various community-wide affordable housing market analyses and needs assessments for communities and counties throughout the Midwest and Western states. Analysis included demographic and demand forecasts, interviews with local stakeholders, surveys of existing and proposed affordable supply, and reconciliation of operations at existing supply versus projected future need for affordable housing. Additional analyses included identification of housing gaps, potential funding sources, and determination of appropriate recommendations. These studies are typically used by local, state, and federal agencies in order to assist with housing development and potential financing.

Managed a large portfolio of Asset Management reports for a national real estate investor. Properties were located throughout the nation, and were diverse in terms of financing, design, tenancy, and size. Information compiled included income and expenses, vacancy, and analysis of property's overall position in the market.

Performed appraisals of LIHTC assets for Year 15 purposes; valuations of both the underlying real estate asset and partnership interests have been completed. These reports were utilized to assist in potential disposition options for the property, including sale of the asset, buyout of one or more partners, or potential conversion to market rate.

REAL ESTATE ASSIGNMENTS

A representative sample of due diligence, consulting or valuation assignments includes:

- Prepare market studies and appraisals throughout the U.S. for proposed and existing family and senior Low-Income Housing Tax Credit (LIHTC), market rate, HOME financed, USDA Rural Development, and HUD subsidized properties. Appraisal assignments involve determining the as is, as if complete, and as if complete and stabilized values.
- Conduct physical inspections of subject properties and comparables to determine condition and evaluate independent physical condition assessments.
- Performed valuations of a variety of commercial properties throughout the Southeast which included hotels, gas stations and convenience stores, churches, funeral homes, full service and fast-food restaurants, stand-alone retail, strip shopping centers, distribution warehouse and manufacturing facilities, cold storage facilities, residential and commercial zoned land, and residential subdivision lots. Intended uses included first mortgage, refinance, foreclosure/repossession (REO), and divorce.
- Employed discounted cash flow analysis (utilizing Argus or Excel) to value income producing properties and prepare or analyze cash flow forecasts.
- Reviewed and analyzed real estate leases, including identifying critical lease data such as commencement/expiration dates, various lease option types, rent and other income, repair and maintenance obligations, Common Area Maintenance (CAM), taxes, insurance, and other important lease clauses.

IV. REAL ESTATE ASSIGNMENTS

A representative sample of Due Diligence, Consulting, or Valuation Engagements includes:

- Assisted in appraisals of proposed new construction, rehabilitation, and existing Low Income Housing
 Tax Credit properties. Analysis included property screenings, valuation analysis, capitalization rate
 analysis, expense comparability analysis, determination of market rents, and general market analysis.
- Prepared market studies for proposed Low-Income Housing Tax Credit, market rate, HOME financed, USDA Rural Development, and HUD subsidized properties on a national basis. Analysis includes property screenings, market analysis, comparable rent surveys, demand analysis based on the number of income qualified renters in each market, supply analysis, and operating expenses analysis. Property types include proposed multifamily, senior independent living, assisted living, large family, and acquisition with rehabilitation.
- Assisted in the preparation of Rent Comparability Studies for expiring Section 8 contracts and USDA contracts for subsidized properties located throughout the United States. Engagements included site visits to the subject property, interviewing and inspecting potentially comparable properties, and the analyses of collected data including adjustments to comparable data to determine appropriate adjusted market rents using HUD form 92273.
- Researched and analyzed local and national economy and economic indicators for specific projects throughout the United States. Research included employment industries analysis, employment historical trends and future outlook, and demographic analysis.
- Examined local and national housing market statistical trends and potential outlook in order to determine sufficient demand for specific projects throughout the United States.

Miscellaneous Notes

- The bearing of N 89°49'25" E on the southern right of way of Southside Boulevard, as evidenced by monuments found, was used as the basis of bearings for this survey, and is the same bearing as shown in Plat Book 27, page 188, recorded in the Beaufort County R.O.D. office.
- Access to the subject property via the Public Right of Way of Southside Boulevard.
- There are 136 regular parking spaces and 1 handicapped parking spaces for a total of 137 parking spaces on the subject property.
- MN4) Tax Map Number R120 009 000 0006 0000
- On the date of the field survey (June 24, 2005) there was no observable evidence of earth moving work, building construction, or building additions within recent months.
- Surveyor is unaware of any changes in street right-of-way lines, either completed or proposed.
- On the date of the field survey (June 24, 2005) there was not observable evidence of site use as a solid waste dump, sump or sanitary landfill.
- (MN8) No posted address was observed by surveyor on the date of field survey.

Items Corresponding to Schedule B

Easement to South Carolina Electric and Gas Company, recorded in Book 300, page 1614. Does affect the subject property. Easement to construct, operate, and maintain utilities. Blanket easement. Nothing plotted.

Title Commitment Legal Description

All that certain piece, parcel or tract of real property, situate, lying and being on Port Royal Island in the City and County of Beaufort, South Carolina, being all of Land Lot Six (6) in Section Nineteen (19) and being a portion of Land Lot Fifty-Nine (59) in Section Eighteen (18), both Land Lots being in Township One (1) South, Range One (1) West, of the 1864 survey of the U.S. Direct Tax Commission which is more fully described as to metes, courses, bounds, distances, and directions on a plat prepared by Neils Christensen, R.L.S., under date of April 16, 1979, which is recorded in the Office of the Clerk of Court for Beaufort County, South Carolina, in Plat Book 27 at Page 188, and is shown and described as follows:

Beginning at the Southwest corner of Land Lot Six (6), Section Nineteen (19) in Township One (1) West of the Beaufort Base line and the St. Helena Meridian and from said point of beginning, thence run North 00 degrees 39 minutes East along the Western boundary line of Land Lot Six (6) for a distance of Six Hundred Sixty (660.0') feet to a concrete marker at the Southwest comer of Land Lot Fifty-Nine (59); thence run North 00 degrees 39 minutes East along the Western boundary line of Land Lot Fifty-Nine (59) for a distance of Forty-three and Thirty Hundredths (43.30') feet to a concrete marker on the Southern right-of-way of Southside Boulevard; thence run North 89 degrees 49 minutes 25 seconds East along said right-of-way line for a distance of Six Hundred Fifty-Five and Forty-Two Hundredths (655.42) feet to a concrete marker; thence run South 00 degrees 16 minutes 30 seconds West along the Eastern boundary line of said Land Lot Fifty-Nine (59) for a distance of Forty-Eight and Two Hundred Fifty-Four Thousandths (48.254) feet to the Northeastern corner of said Land Lot Six (6); thence run South 00 degrees 16 minutes 30 seconds West along the Eastern boundary line of said Land Lot Six (6) for a distance of Six Hundred Sixty (660.0') feet to a concrete marker at the Southeast corner of said Land Lot Six (6); thence run North 89 degrees 44 minutes 30 seconds West for a distance of Six Hundred Sixty (660.0') feet along the Southern boundary line of said Land Lot Six (6) to a concrete marker, and the point of beginning.

ALSO TOGETHER WITH

That certain easement from Fleming Anderson to Spanish Trace Apts. Associates, more particularly described as follows:

All that certain piece, parcel or tract of real property situate, lying and being on Port Royal Island in the City and County of Beaufort, South Carolina, being a portion of Land Lot fifty-eight (58) in Section eighteen (18) in Township One (1) South, Range One (1), West of the 1864 survey of the U.S. Direct Tax Commission which is generally described as follows, to-wit: Beginning at the Southeast corner of Land Lot fifty-eight (58) as referred to herein and proceeding North 00°39' East for a distance of forty-three and 3/10 (43.3') feet to a concrete marker which is the point of beginning of the parcel granted; thence proceeding directly West for twenty (20') feet to a point; thence proceeding directly East for twenty (20') feet to a point; thence proceeding North 00°39' East for a distance of twenty (20') feet to a concrete marker which is the point of beginning.

Note: Surveyor is unable to plot the easement described above. Can not locate the Point of Beginning. Appears to be located beyond the boundary limits of the subject property.

Zoning Information

According to The City of Beaufort Zoning, P.O. Box 1167, Beaufort, SC 29901, (843) 525-7012, the subject property is zoned "General Residential District" and is subject to the following conditions:

Bulk Restrictions:

Bulk Restrictions:
For multifamily development, minimum 6,000 square feet lot area, 60 feet lot width, and 60 feet lot frontage, maximum density 25 units per gross acre.

Setbacks: Front: 25' Side: 10' Rear: 15'

Building Height: 50'

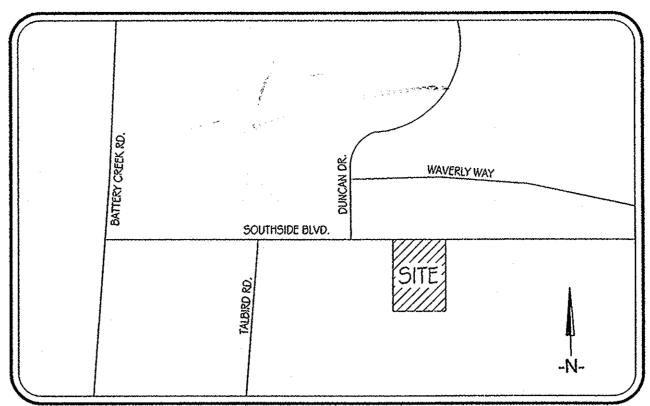

Parking Requirements:
1 per efficiency
1 per one bedroom unit
1.75 per two bedroom unit

2 per 3+bedroom units

Because there may be a need for interpretation of the applicable zoning codes, we refer you to the The City of Beaufort Zoning Department and the applicable zoning codes.

Property Area

464,198 sq.ft. 10.657 acres

Vicinity Map

Reference Plats

1) Plat entitled "Spanish Trace Apartments" by William Howell and Associates, dated 5-3-1979. Recorded in the Beaufort County RMC Office in Plat Book 27 page 188.

Statement of Encroachments

Surveyor did not observe any above-ground encroahments or projections on the date of field survey.

Utility Information

- The location of Utilites shown hereon are from observed evidence of above ground appurtenances only. The surveyor was not provided with underground plans or surface ground markings to determine the location of any subterranean uses.
- From observed above ground appurtenances only as shown hereon, gas, electric, storm sewer, sanitary sewer, telephone, and water lines and/or service is available for the subject property within the public right of way of Southside Boulevard.

FLOOD NOTE: By graphic plotting only, this property is in Zone

"A8" and "C" of the Flood Insurance Rote Map, Community Panel No.

450026 0005D _____, which bears an effective date of

9/29/86 ___ and is partially in a Special Flood Hazard Area. By telephone call dated 6/24/05 ___ to the National Flood Insurance Program (800-638-6620) we have learned this community does currently participate in the program. No field surveying was performed to determine this zone and an elevation certificate may be needed to verify this determination or apply for a variance from the Federal Emergency Management Agency.

Survey Description

All that certain piece, parcel, or tract of land situate, lying, and being located in the Beaufort County, State of South Carolina, containing 10.657 acres, as shown on a plat entitled "ALTA/ACSM Land Title Survey for Spanish Highland Project", dated June 24, 2005, prepared by Barrett Surveying Group (R. Scott Barrett, PLS, SC Registration No. 23203, and according to said plat having the following metes and bounds to wit:

Beginning at a concrete monument found (Labeled as P.O.B.) located at the common corner of N/F Wildemess Cove Apartments, said concrete monument being the southwesternmost corner of this tract, thence running along the common line of N/F Baxter Enterprises, LLC property, the eastern end right-of-way of Holmes Road, N/F Stephen Brown property, N/F Sibbie Jenkins & Geneva Sheppard property, and N/F Marion S. Fleming Anderson property N 00°47′22° E 702.43 feet to a concrete monument found, located on the southern right-of-way of Southside Boulevard, thence running along the soutem right-of-way of Soutside Boulevard N 89°49′25° E 655.41 feet to an iron pin found 5/8° rebar, located at the common corner of N/F The Cottages at Beaufort, Inc. Il property, thence running along the common line of N/F Cottages at Beaufort, Inc. Il property, and N/F George Holmes property S 00°26′15° W 709.56 feet to a concrete monument found, located at the common corner of N/F Low Country Habitat for Humanity property, N/F Brickyard Holdings Inc. property, N/F RGL, LLC property, and N/F Coastal Contractors property N 89°33′08′ W 659.69 feet to a concrete monument found, the point of beginning.

The above-described parcel is the same parcel as described in Lawyers Title Insurance Corporation Commitment No. 05-0480, bearing an effective date of June 15, 2005.

PROVIDE TYPE ACR COPPER REFRIGERANT LINES WITH SILVER-BRAZED JOINTS. INSULATE SUCTION LINE.

2. PROVIDE WALL THERMOSTAT (HONEYWELL T-7300) WITH HEAT-OFF-COOL AND FAN-ON-AUTO SWITCHES.

3. CONTROLS SHALL INCLUDE HIGH AND LOW PRESSURE

CUTOUTS, ANTI-RECYCLE TIMER. 4. PROVIDE HEAD PRESSURE CONTROL TO 30 DEG. F.

PROVIDE 6" THICK CONCRETE PAD UNDER CONDENSING UNIT. 6. ALTERNATIVE MANUFACTURERS: GOODMAN, GIBSON, JANITROL

7. PROVIDE I" T/A FILTERS. 8. COIL SELECTIONS BASED ON 40° COIL REFRIGERANT TEMP.

9. PROVIDE TRAPPED CONDENSATE LINE AND PIPE TO DRAIN.

10. ELECTRONIC IGNITION, PROVIDE 120V SUPPLY WITH 24V CONTROL TRANSFORMER.

II. PROVIDE GAS TRAIN PIPING INCLUDING MANUAL SHUT-OFF., GAS CONTROL, VALVE PACKAGE, UNION, AND DIRT LEG.

I. AIR-COOLED SPLIT-SYSTEMS

- A. General: Provide factory-assembled and tested air-cooled condensing units as indicated, consisting of compressor, condenser coil, fan, motor, refrigerant reservoir, and operating controls. Provide capacity and electrical characteristics as scheduled.
- B. Casing: Provide lê ga. galvanized steel casing finished with baked enamel, removable panels for access to controls, weep holes for water drainage, and base with mounting holes. Provide brass service valves, fittings, and gage ports on exterior of casing.
- C. Compressor: Provide welded hermetic with built-in overloads and vibration isolation. Provide for compressor motor, thermal and current-sensitive overload device, internal high-pressure protection, high and low pressure cutout switches, start capacitor and relay, 2-pole contactor, crankcase heater, and temperature actuated switch and timer to prevent compressor rapid cycle.
- D. Condenser: Construct coil of copper tubes and aluminum fins, provided with liquid accumulator and liquid subcooler. Provide aluminum fan motor with thermal overload protection.
- E. Accessories: Provide the following accessories:
- I. Low voltage thermostat and subbase to control condensing unit and evaporator fan.
- 2. Precharged and insulated suction and liquid tubing of length indicated. 3. Low voltage control transformer.
- F. Air Handling Unit Casings: Construct casings of mill galvanized steel, designed to withstand specified operating pressures. Provide casing panels and/or access doors that are easily and quickly removable for inspection and access to internal parts.
- I. Provide units consisting of coil section, and drain pan.
- 2. Provide reinforced points of support for either setting or hanging units.
 3. Provide drain pan, located under cooling coil section extensive enough to catch condensate leaving coll at highest catalogued face velocity. Provide at least one drain connection at low point in drain pan. 4. Cover casing and frame with protective finish on both sides.
- G. AHU Colls: Provide heating and cooling colls of scheduled capacity, mounted in unit in manner permitting removal.
- I. Construct coils with copper tubing primary surface and aluminum secondary surface bonded to tubes by method approved by specified manufacturer. Provide direct expansion coils with solder connections, liquid refrigerant distributors, and connections for gravity oil drainage.
- H. Insulation: Insulate unit casing from air entrance to air outlet from unit. Securely attach insulation, of sufficient thickness and density to prevent condensation from forming on unit casing. Protect insulation against deterioration from air currents.
- I. Provide insulation with fire-retarding characteristics, complying with NFPA 90A.
 Insulate drain pans as required to prevent condensate formation on unit exterior at ambient conditions to be encountered.
- I. Air Filters: Provide air filters to fit in filter box, of the following type:
- I. Disposable Type: Provide disposable type air filters I" or 2" thick, consisting of viscous coated fibers with filtering media encased in fiberboard cell sides having perforated metal grids on each side to provide media support.

GENERAL MECHANICAL NOTES

- I. THERMOSTATS SHALL BE MOUNTED 48" ABOVE FINISHED FLOOR UNLESS INDICATED OTHERWISE.
- 2. INSTALL ALL EQUIPMENT IN ACCORDANCE WITH CODE REQUIREMENTS AND MANUFACTURER'S INSTRUCTIONS.
- 3. PROVIDE MINIMUM IO FEET SEPARATION BETWEEN OUTSIDE AIR INTAKES AND EXHAUST VENTS, PLUMBING VENTS, ETC.

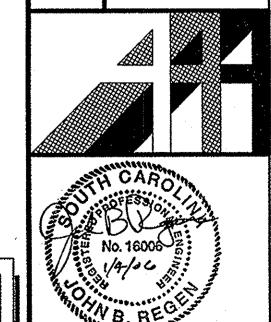

4. PROVIDE PVC CONDENSATE DRAIN WITH VENTED P-TRAP FOR ALL COOLING COILS.

UNIT PLAN (4 BR) - MECHANICAL

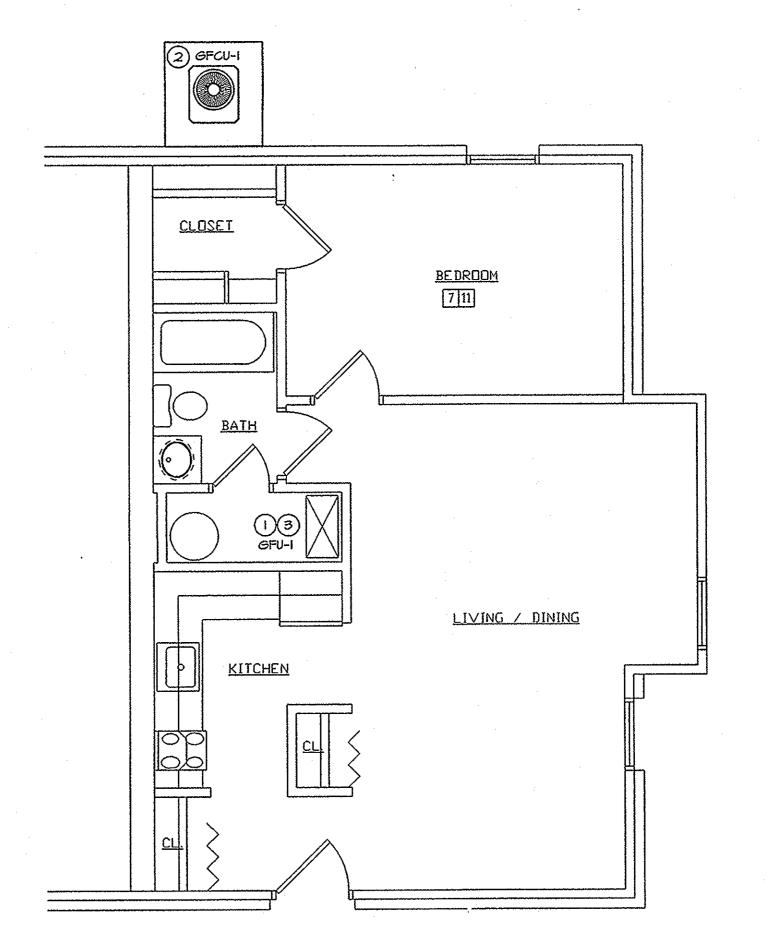

MECHANICAL NOTES: REFER TO ARCHITECTURAL RENOVATION MATRIX FOR UNITS WHICH REQUIRE WORK AS FOLLOWS:

- REMOVE EXISTING INDOOR GAS FURNACE, COOLING COIL AND THERMOSTAT.
 REPLACE WITH NEW INDOOR GAS FURNACE, COOLING COIL, AND THERMOSTAT SHOWN IN GAS FURNACE SCHEDULE ON SHEET MI.O. FIELD VERIFY EXACT LOCATION OF EXISTING GAS FURNACE FOR UNITS INDICATED ON ARCHITECTURAL MATRIX.
- A. CONNECT EXISTING DUCTWORK, GAS LINE AND CONTROL WIRING TO NEW INDOOR GAS FURNACE. FIELD VERIFY THESE EXISTING ITEM'S SIZE AND LOCATION AND HOW THEY RELATE TO THE NEW INDOOR GAS FURNACE CONNECTIONS. CONTRACTOR TO PROVIDE ALL MATERIALS AND / OR MODIFICATIONS REQUIRED.
- CONTRACTOR TO USE GFU-I, GFU-2, GFU-3, OR GFU-4 FROM SPLIT SYSTEM AIR CONDITIONER (GAS HEAT) SCHEDULE. COORDINATE IN FIELD PRIOR TO INSTALLATION, FOR UNITS INDICATED IN ARCHITECTURAL RENOVATION MATRIX.
- 2 REMOVE EXISTING OUTSIDE CONDENSING UNIT. REPLACE WITH NEW OUTSIDE CONDENSING UNIT SHOWN IN SPLIT SYSTEM AIR CONDITIONER (GAS HEAT) SCHEDULE ON SHEET MI.O. FIELD VERIFY EXACT LOCATION OF EXISTING OUTSIDE CONDENSING UNIT. REFER TO ARCHITECTURAL RENOVATION MATRIX.
 - A. CONNECT EXISTING REFRIGERANT LINES TO NEW OUTSIDE CONDENSING UNIT. FIELD VERIFY THESE EXISTING ITEM'S SIZE AND LOCATION AND HOW THEY RELATE TO THE NEW OUTSIDE CONDENSING UNIT CONNECTIONS. CONTRACTOR TO PROVIDE ALL MATERIALS AND / OR MODIFICATIONS
- CONTRACTOR TO USE GFCU-I, GFCU-2, GFCU-3, OR GFCU-4 FROM SPLIT SYSTEM A/C WITH GAS HEAT SCHEDULE. COORDINATE IN FIELD PRIOR TO INSTALLATION. REFER TO ARCHITECTURAL RENOVATION MATRIX.
- 3 CONTRACTOR TO REMOVE AND DISPOSE OF EXISTING GAS VENT LINES FROM EXISTING GAS FURNACE AND EXISTING GAS WATER HEATER. CONTRACTOR TO INSTALL NEW DOUBLE WALL GAS VENT FROM NEW GAS FURNACE AND NEW WATER HEATER TO EXISTING DOUBLE WALL GAS VENT LINE.

PLUMBING

I. GENERAL

- A. Scope: Furnish all labor, materials and equipment necessary for the installation of all plumbing work
- required on the drawings and as specified herein.

 B. Work Required: In general, the work consists of, but is not limited to, the following:
- Domestic Water System connecting to existing utility
 Sanitary Sewer System connecting to existing utility
 Plumbing Fixtures
- C. Permits, Ordinances, and Inspections:

 1. Obtain and pay for all permits and
- Obtain and pay for all permits and inspection fees required. Deliver to architect, certificates
- of inspections issued by the authorities.

 2. All work shall be done in accordance with all applicable City, County, State, or National Ordinances and Codes. Effort has been made to meet or exceed requirements. The Contractor shall make any minor adjustments to meet these requirements at no additional cost to the Owner.
- Instructions and Instruction Booklets: The Contractor shall instruct the Owner's representative in the proper operation of all equipment. Furnish literature provided by the manufacturer. Printed instructions and maintenance data shall be bound with cover in duplicate and delivered to the Architect.

II. PRODUCTS

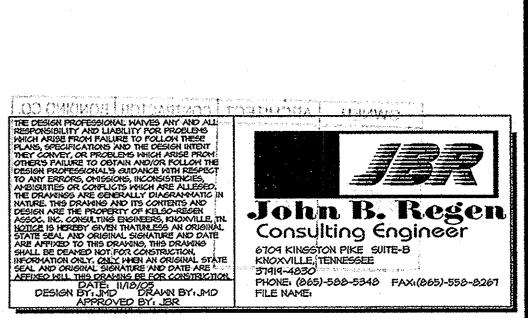

- A. All materials shall be new, first class, and comply with latest ASTM Specifications and Standards relating to such materials.
- B. Water Piping:
- 1. Exposed Pipe in Toilet Rooms: Chrome Plated Brass, American BrassCompany, or equivalent. Furnish and install chrome plated wall plates.
- Piping above floor slab shall be Type L hard drawn copper tubing ASTM B-88.
 Use wrought copper sweat fittings.
- C. Sanitary Waste, and Vent Piping: Piping shall be Schedule 40 PVC DWV pipe and fittings.
- D. Gas Piping:
 I. Pipe Size 2" and Smaller; Black steel pipe; schedule 40; malleable-iron threaded fittings (exposed piping only). Use welded piping and fittings in concealed locations.
- 2. Pipe Size 2-1/2" and Larger; Black steel pipe; schedule 40; wroght-steel buttwelding fittings.
- H. Escutcheon Plates: Provide chrome plated escutcheon plates where exposed pipe assess through walls, floors, or celling in finished areas.
 I. Pipe Insulation:
- All hot water pipe above grade shall be insulated with 1" fiberglass, low pressure insulation with white universal jacket. Apply in accordance with manufactuer's instructions.
 All cold water pipe above grade shall be insulated with 1/2" fiberglass as above.
- K. Flxture
 - Furnish and install all plumbing fixtures indicated on drawings. Fixtures shall be American Standard, Kohler, or Eljer.
 - 2. Traps: For lavatories and sinks: Brass, Chrome plated.

GENERAL PLUMBING NOTES:

- THE DRAWINGS ARE GENERALLY DIAGRAMMATIC AND INDICATE THE APPROXIMATE ROUTING OF PIPING AND LOCATION OF FIXTURES. THE CONTRACTOR SHALL COORDINATE HIS WORK WITH OTHER TRADES AND MAKE MINOR OFFSETS AND ADJUSTMENTS AS REQUIRED AT NO ADDITIONAL COST TO THE OWNER.
- 2. COORDINATE FIXTURES LOCATIONS WITH ARCHITECTURAL DRAWINGS.
- 3. ALL PIPING SHALL BE RUN IN CONCEALED LOCATIONS EXCEPT WHERE NOTED.
- 4. PLUMBING FIXTURES SHALL BE FIRST QUALITY VITREOUS CHINA, STAINLESS STEEL OR PLASTIC AS NOTED ON FIXTURE SCHEDULE. ALL FIXTURES SHALL BE RIGIDLY CONNECTED TO THE BUILDING AND SHALL BE CLEANED AND FUNCTIONAL.
- 5. DOMESTIC WATER LINES 1/2" THROUGH 2-1/2" SHALL BE TYPE "L" COPPER WITH SOLDER JOINTS, SOLDER SHALL NOT CONTAIN LEAD. WATER SERVICE LINE OUTSIDE THE BUILDING MAY BE COPPER.
- 6. EXPOSED PIPING BELOW FIXTURES SHALL BE CHROME PLATED. PIPING AT FIXTURES IN HANDICAPPED ACCESSIBLE AREAS SHALL BE INSULATED TO PROTECT AGAINST BURNS. DRAIN WASTE AND VENT PIPING SHALL BE SCHEDULE 40 PVC OR AS NOTED ON THE DRAWINGS.
- 7. POTABLE WATER LINES SHALL BE INSULATED WITH I" FLEXIBLE ELASTOMERIC PLASTIC OR FIBERGLASS PIPE INSULATION.
- 8. AFTER INSTALLATION OF POTABLE WATER PIPING, STERILIZE LINES IN ACCORDANCE WITH CODES AND HEALTH DEPARTMENT REGULATIONS AND FLUSH AND FILL WITH CLEAN WATER.
- 9. PITCH POTABLE WATER LINES TOWARD DRAINS, INSTALL DRAIN WASTE AND VENT PIPING WITH MINIMUM SLOPES OF 1/4" PER FOOT FOR LINES UP TO 2-1/2" AND 1/8" PER FOOT FOR LINES 3" AND LARGER.
- IO. REFER TO ARCHITECTURAL DRAWINGS FOR LOCATIONS AND RATINGS OF FIRE WALLS AND FLOOR CEILING ASSEMBLIES.
- II. INSTALL FIRE STOP MATERIAL IN ACCORD WITH U.L. LISTING AT ALL PENETRATIONS.
- 13. PIPE WATER HEATER RELIEF VALVE TO EXTERIOR OR TO FLOOR DRAIN.
- 14. PROVIDE MAXITROL SERIES OF OR EQUAL FUEL GAS STRAINER PER NFPA 86

UPSTREAM OF SAFETY SHUTOFF VALVES. (PH# 248-356-1400)

15. INSTALL WATER HEATERS IN ACCORD WITH MANUFACTURERS INSTRUCTION AND BOILER CODE REQUIREMENTS.

RENOVATION NOTES, REFER TO ARCHITECTURAL RENOVATION MATRIX FOR UNITS WHICH REQUIRES WORK AS FOLLOWS: (I) REPLACE EXISTING RECEPTACLES WITH NEW GFI RECEPTACLE AND

MATCHING COVERPLATE.

(2) REPLACE EXISTING WALL MOUNTED LIGHT OVER MIRROR WITH NEW FIXTURE. PROVIDE THOMAS LIGHTING CO. NO. SL281 WITH 2-60 WATT LAMPS/ PROGRESS CO. NO. P3015-30/ KICHLER CO. NO. K-462. RECONNECT TO EXISTING CIRCUITRY AS REQUIRED.

(3) EXISTING RANGE HOOD SHALL BE REPLACED WITH A NEW HOOD. RECONNECT TO EXISTING CIRCUITRY AS REQUIRED.

(4) EXISTING GAS WATER HEATER SHALL BE REPLACED WITH NEW UNIT. DISCONNECT EXISTING UNIT AND CONNECT NEW UNIT TO EXISTING CIRCUITRY. PROVIDE NEW DISCONNECT AS NECESSARY.

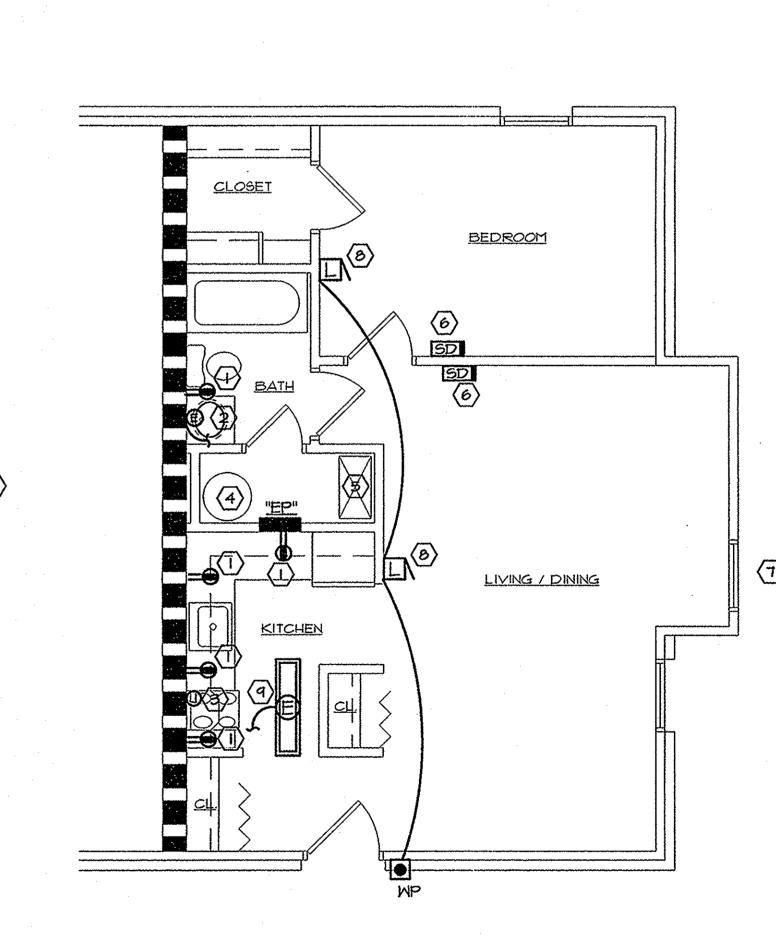

(5) EXISTING INDOOR GAS FURNACE UNITS SHALL BE REPLACED. DISCONNECT EXISTING UNITS AND CONNECT NEW UNITS TO EXISTING CIRCUITRY. PROVIDE NEW DISCONNECTS AS NECESSARY.

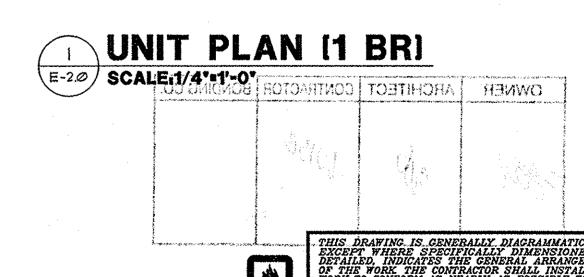

(6) FURNISH AND INSTALL NEW WALL MOUNTED, 120V SMOKE DETECTOR. ALL UNITS SHALL HAVE BATTERY BACK-UP. WALL MOUNT TOP OF DETECTOR 4" BELOW CEILING. ALL DETECTORS SHALL SOUND TOGETHER. DETECTOR SHALL BE AS MANUFACTURED BY GENTEX, "BRK" OR "KIDDIE". PROVIDE IZOV CIRCUIT TO CONNECT DETECTORS TOGETHER. PROVIDE SMOKE DETECTOR WITH STROBE IN H/C AND SIGHT / HEARING IMPAIRED UNITS AS PER ARCHITECTURAL MATRIX.

(7) EXISTING OUTDOOR A/C UNITS SHALL BE REPLACED. DISCONNECT EXISTING UNITS AND CONNECT NEW UNITS TO EXISTING CIRCUITRY. PROVIDE NEW DISCONNECTS AS NECESSARY. PROVIDE AND INSTALL CIRCUIT BREAKER WITHIN NEW PANEL AS PER NATIONAL CODE TO MATCH UNIT NAMEPLATE "MOCP".

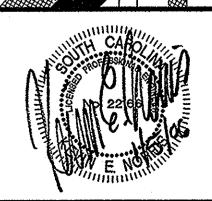

(8) PROVIDE DOOR BELL WITH TRANSFORMER AND LIGHT MOUNTED 84" A.F.F. FOR THE SIGHT AND HEARING IMPAIRED UNITS AS PER ARCHITECTURAL MATRIX. NUTONE CO. NO. LAIG4WH OR BROAN WITH MATCHING MEATHERPROOF PUSHBUTTON AT EXTERIOR DOORS MOUNT AT,48" A.F.F. TO CENTERLINE. CONNECT 120 YOLT TO 16 YOLT TRANSFORMER TO THE NEAREST UNSWITCHED 120 YOLT PLUG CIRCUIT AS REQUIRED.

(9) REPLACE EXISTING KITCHEN ROOM LIGHT WITH NEW CEILING MOUNTED LIGHT FIXTURE. PROVIDE THOMAS CO. NO. FC-232-8-DPEB WITH TWO F032/841 LAMPS/ PROGRESS CO. NO. P7279-60TRM/ KICHLER CO. K-10014ES/10087. RECONNECT TO EXISTING CIRCUITRY AS REQUIRED.

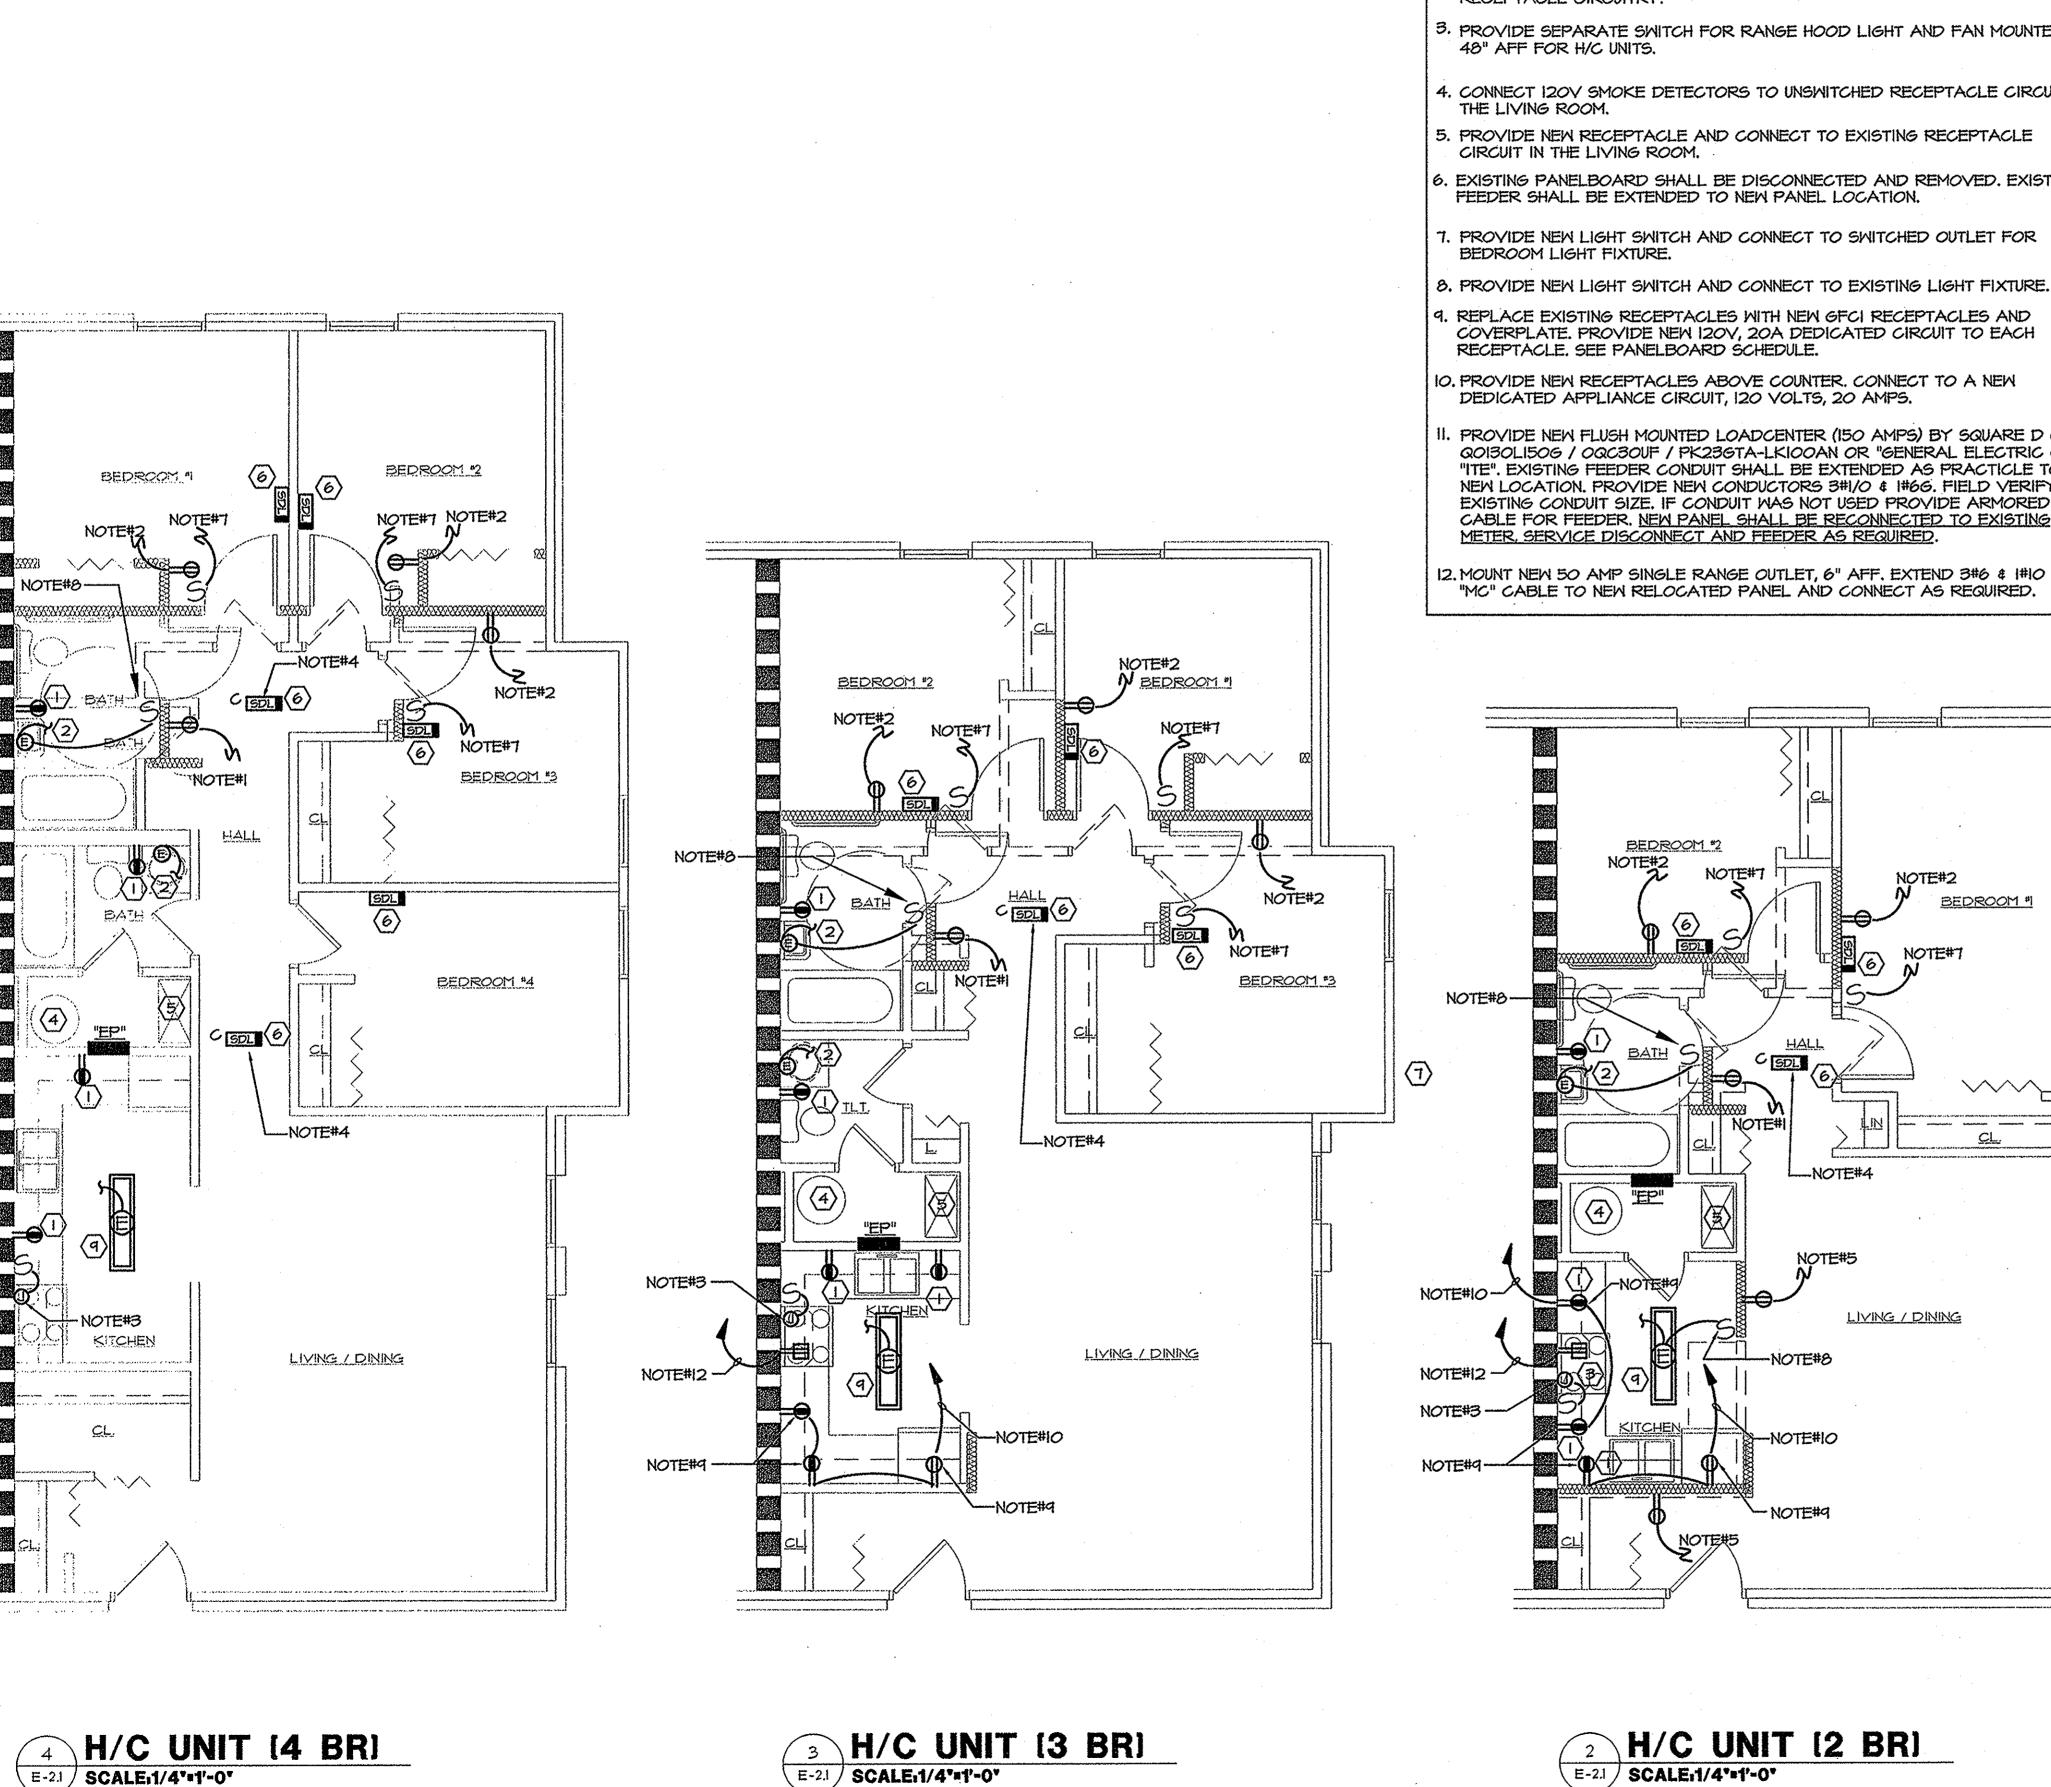

CAD FILE:05115E20

E2.0

GENERAL NOTES:

I. PROVIDE NEW RECEPTACLE ON WALL AND CONNECT TO THE EXISTING GENERAL RECEPTACLE CIRCUIT.

2. PROVIDE NEW RECEPTACLES AND CONNECT TO EXISTING BEDROOM RECEPTACLE CIRCUITRY.

3. PROVIDE SEPARATE SWITCH FOR RANGE HOOD LIGHT AND FAN MOUNTED AT 48" AFF FOR H/C UNITS.

4. CONNECT 120V SMOKE DETECTORS TO UNSWITCHED RECEPTACLE CIRCUIT IN THE LIVING ROOM.

5. PROVIDE NEW RECEPTACLE AND CONNECT TO EXISTING RECEPTACLE CIRCUIT IN THE LIVING ROOM.

. EXISTING PANELBOARD SHALL BE DISCONNECTED AND REMOVED. EXISTING FEEDER SHALL BE EXTENDED TO NEW PANEL LOCATION.

7. PROVIDE NEW LIGHT SWITCH AND CONNECT TO SWITCHED OUTLET FOR BEDROOM LIGHT FIXTURE.

I. REPLACE EXISTING RECEPTACLES WITH NEW GFCI RECEPTACLES AND COVERPLATE. PROVIDE NEW 120V, 20A DEDICATED CIRCUIT TO EACH

RECEPTACLE. SEE PANELBOARD SCHEDULE. IO. PROVIDE NEW RECEPTACLES ABOVE COUNTER. CONNECT TO A NEW

DEDICATED APPLIANCE CIRCUIT, 120 VOLTS, 20 AMPS.

I. PROVIDE NEW FLUSH MOUNTED LOADCENTER (150 AMPS) BY SQUARE D CO QOISOLISOG / OQCSOUF / PK23GTA-LKIOOAN OR "GENERAL ELECTRIC OR "ITE". EXISTING FEEDER CONDUIT SHALL BE EXTENDED AS PRACTICLE TO NEW LOCATION. PROVIDE NEW CONDUCTORS 3#1/O \$ 1#66. FIELD VERIFY EXISTING CONDUIT SIZE. IF CONDUIT WAS NOT USED PROVIDE ARMORED CABLE FOR FEEDER. NEW PANEL SHALL BE RECONNECTED TO EXISTING METER, SERVICE DISCONNECT AND FEEDER AS REQUIRED.

12. MOUNT NEW 50 AMP SINGLE RANGE OUTLET, 6" AFF. EXTEND 3#6 & I#IO GRND "MC" CABLE TO NEW RELOCATED PANEL AND CONNECT AS REQUIRED.

RENOVATION NOTES, REFER TO ARCHITECTURAL RENOVATION MATRIX FOR UNITS WHICH REQUIRES WORK AS FOLLOWS:

(1) REPLACE EXISTING RECEPTACLES WITH NEW GFI RECEPTACLE AND MATCHING COVERPLATE.

(2) REPLACE EXISTING WALL MOUNTED LIGHT OVER MIRROR WITH NEW FIXTURE. PROVIDE THOMAS LIGHTING CO. NO. SL281 WITH 2-60 WATT LAMPS/ PROGRESS CO. NO. P3015-30/ KICHLER CO. NO. K-462. RECONNECT TO EXISTING CIRCUITRY AS REQUIRED.

(3) EXISTING RANGE HOOD SHALL BE REPLACED WITH A NEW HOOD. RECONNECT TO EXISTING CIRCUITRY AS REQUIRED.

(4) EXISTING GAS WATER HEATER SHALL BE REPLACED WITH NEW UNIT. DISCONNECT EXISTING UNIT AND CONNECT NEW UNIT TO EXISTING CIRCUITRY. PROVIDE NEW DISCONNECT AS NECESSARY.

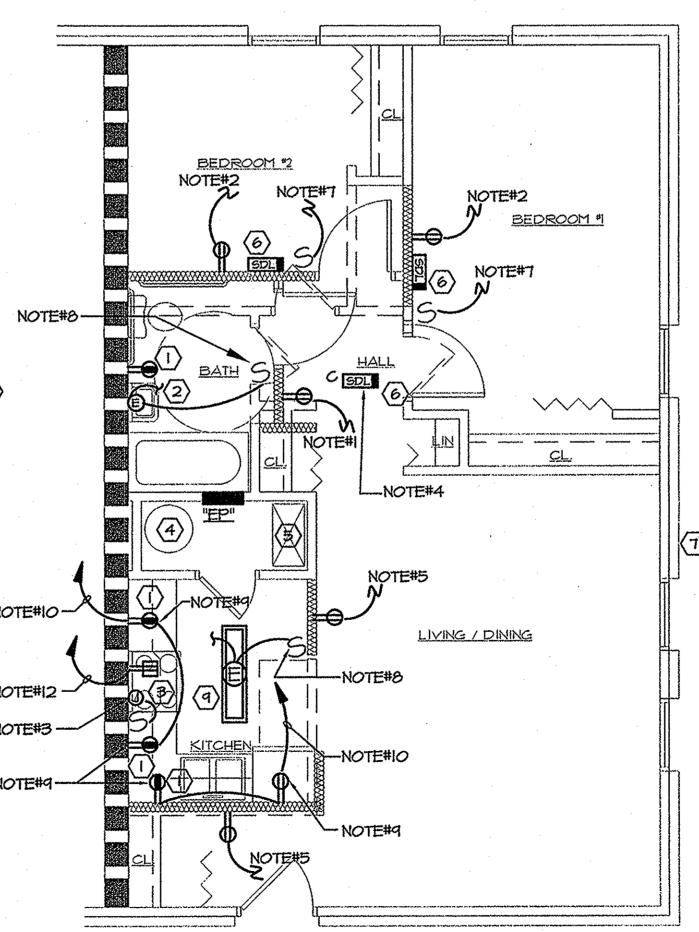

(5) EXISTING INDOOR GAS FURNACE UNITS SHALL BE REPLACED. DISCONNECT EXISTING UNITS AND CONNECT NEW UNITS TO EXISTING CIRCUITRY. PROVIDE NEW DISCONNECTS AS NECESSARY.

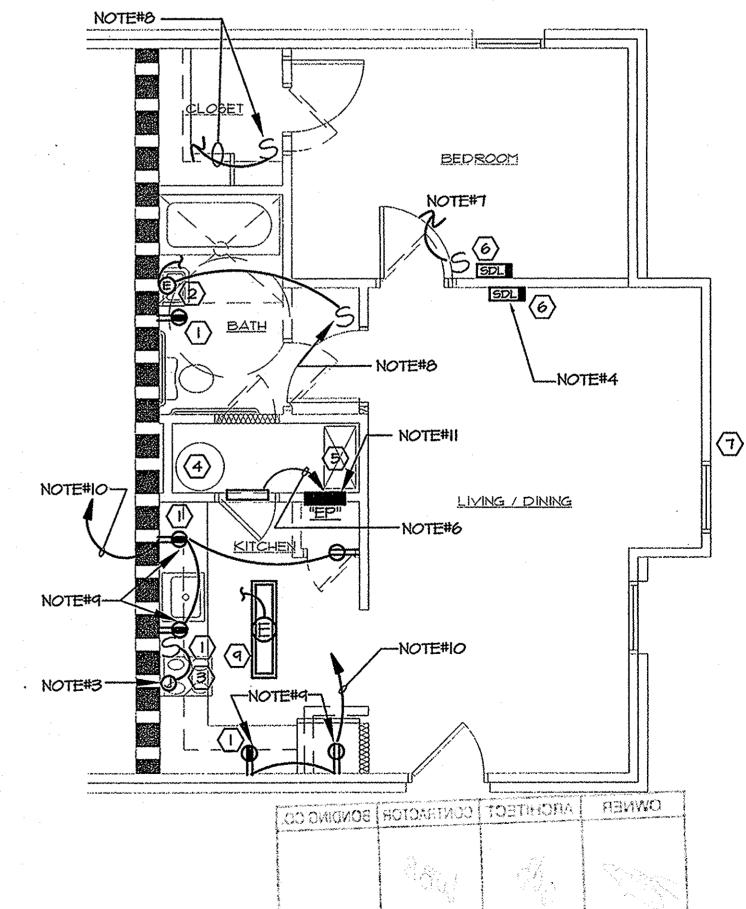

FURNISH AND INSTALL NEW WALL MOUNTED, 120V SMOKE DETECTOR, ALL (6) UNITS SHALL HAVE BATTERY BACK-UP. WALL MOUNT TOP OF DETECTOR 4" BELOW CEILING. ALL DETECTORS SHALL SOUND TOGETHER. DETECTOR SHALL BE AS MANUFACTURED BY GENTEX, "BRK" OR "KIDDIE". PROVIDE IZOV CIRCUIT TO CONNECT DETECTORS TOGETHER. PROVIDE SMOKE DETECTOR WITH STROBE IN H/C AND SIGHT / HEARING IMPAIRED UNITS AS PER ARCHITECTURAL MATRIX.

(7) EXISTING OUTDOOR A/C UNITS SHALL BE REPLACED. DISCONNECT EXISTING UNITS AND CONNECT NEW UNITS TO EXISTING CIRCUITRY. PROVIDE NEW DISCONNECTS AS NECESSARY. PROVIDE AND INSTALL CIRCUIT BREAKER WITHIN NEW PANEL AS PER NATIONAL CODE TO MATCH UNIT NAMEPLATE "MOCP".

(8) NOT USED.

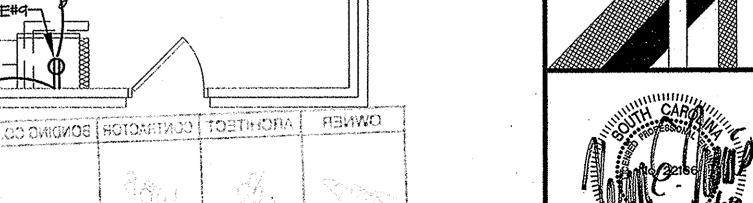

(9) REPLACE EXISTING KITCHEN LIGHT WITH NEW CEILING MOUNTED LIGHT FIXTURE. PROVIDE THOMAS CO. NO. FC-232-8-DPEB WITH TWO F032/841 LAMPS/ PROGRESS CO. NO. P7279-60TRM/ KICHLER CO. K-10014ES/10087. RECONNECT TO EXISTING CIRCUITRY AS REQUIRED.

| SYMBOL | DESCRIPTION | | | | | |
| 30 ₆ | INCANDESCENT, "H.I.D." OR ROUND TWIN TUBE FLUORESCENT TYPE FIXTURE, "A" REFERS TO DESIGNATION IN THE FIXTURE SCHEDULE, "b" REFERS TO SMITCH CONTROL; "3" REFERS TO CIRCUIT NUMBER. | | | | | |
| PS 4 3 | WALL SWITCH; SINGLE POLE UNLESS NOTED 3-OR-4 WAY, MOUNT 40"(1.2m) TO CENTERLINE ABOVE FLOOR, "P" INDICATES WITH PILOT LIGHT, "M" INDICATES "MULLION TYPE". | | | | | |
| ⊕ = | DUPLEX RECEPTACLE, 120 VOLT, 20 AMP., MOUNT &"(20cm) +/- TO BOTTOM OF BOX ABOVE COUNTER TOP AT WORK COUNTERS AND 18"(46cm) +/- ABOVE FLOOR TO BOTTOM OF BOX ELSEWHERE UNLESS NOTED OTHERWISE. | | | | | |
| ⊖ = | GFI TYPE DUPLEX PLUG RECEPTACLE, 120 VOLT, 20 AMP. MOUNTING SIMILAR TO STANDARD DUPLEX RECEPTACLE ABOVE, P45 CO. NO.2091-5-1. "Mp" INDICATES MEATHERPROOF. | | | | | |
| **** | PANELBOARD; RECESSED OR SURFACE MOUNTED AS INDICATED, TOP 6'-0"(1.0m) ABOVE FLOOR ADJUSTED TO OCCUR AT MASONRY JOINT; SEE PANELBOARD SCHEDULE. | | | | | |
| A-1,3 | CABLE EXTENDED TO PANELBOARD, PANEL "A", CIRCUITS 143, CROSS LINES INDICATE NUMBER OF NO. 12 AWG. CONDUCTORS WHEN MORE THAN TWO, CIRCUITS SHARING A COMMON NEUTRAL SHALL BE CONNECTED TO DIFFERENT LINES OR PHASES WITHIN THE PANELBOARD REGARDLESS OF THE NUMBERING ON THE DRAWINGS. | | | | | |
| / -\ | CABLE RUN IN THE FLOOR CONSTRUCTION OR UNDERGROUND. PULL A SEPARATE CODE SIZE EQUIPMENT GROUND CONDUCTOR IN ALL PYC CONDUIT RUNS IN ADDITION TO CONDUCTORS INDICATED. INCREASE CONDUIT SIZE IF REQUIRED TO ACCOMMODATE THIS CONDUCTOR. | | | | | |
| | CABLE RUN IN WALL OR CEILING CONSTRUCTION. | | | | | |
| 9 | JUNCTION BOX; SIZE AND USE: REQUIRED; COVERPLATE SHALL OVERLAP BOX EDGE BY 1/2"(1.3cm) WHERE RECESSED IN WALL WITH CONCEALED WIRING. | | | | | |
| □ 1 | FUSED DISCONNECT SMITCH, GENERAL DUTY TYPE, SQUARE D CO., WEATHERPROOF OUTDOORS. PROVIDE FUSING OF SIZE AS IT APPEARS ON THE LABEL OF EQUIPMENT IN ACCORDANCE WITH N.E.C. | | | | | |
| | THERMOSTAT, MOUNT 40"(I.2m) TO CENTERLINE ABOVE FLOOR; EXTEND CONDUIT AND CONDUCTORS TO EQUIPMENT AND CONNECT. | | | | | |
| 5 2 | WALL MOUNTED 120 VOLT SMOKE DETECTOR, LOCATED 8" BELOW CEILING. GENTEX CO. NO. 9120, OR "BRK" AND "KIDDIE",(C) INDICATES CEILING MOUNTED), CONNECT TO UNSWITCHED 120 VOLT CIRCUIT. ALL. SMOKE DETECTORS SHALL BE WIRED IN TANDEM WITH IN EACH APARTMENT UNIT. | | | | | |
| SPL · | WALL MOUNTED 120 VOLT SMOKE DETECTOR AND BUILT-IN 110 CAND. STROBE LIGHT, LOCATED 8" BELOW CEILING. GENTEX CO. NO. 7109-CS-W OR "BRK" AND "KIDDIE". (C) INDICATES CEILING MOUNTED. CONNECT TO UNSWITCHED 120 VOLT CIRCUIT. ALL SMOKE DETECTORS SHALL BE WIRED IN TANDEM WITH IN EACH APARTMENT UNIT. | | | | | |
| = | DUPLEX RECEPTACLE, 20 AMP, 120 VOLT, 18" ABOVE FLOOR TO BOTTOM OF BOX, ONE PORTION ONLY OF RECEPTACLE SHALL BE SMITCHED BY WALL SMITCH AT DOOR. | | | | | |
| • | WEATHERPROOF DOORBELL PUSH BUTTON MOUNTED 48" A.F.F. TO CENTERLINE. | | | | | |
| | DOORBELL WITH LIGHT MOUNTED ON WALL 7'-O" A.F.F. | | | | | |

SPECIFICATION NOTES INCLUDE WIRING FOR LIGHTING, OUTLETS, MECHANICAL WORK AND TELEPHONE AS SHOWN ON THE DRAWINGS. INCLUDE LIGHTING FIXTURES, LAMPS, PANELBOARDS, WIRING DEVICES, SWITCHES, ETC. NECESSARY FOR A COMPLETE AND OPERATING INSTALLATION WITH NO SHORT CIRCUITS OR OPEN GROUNDS. 2. ELECTRICAL SUPPLY SHALL BE TAKEN FROM THE MAINS OF THE EXISTING 120/240 VOLT, 1-PHASE, 3-WIRE METER CENTER.

"NOOD" "QO", "ITE" OR GENERAL ELECTRIC WITH PLUG-IN 10,000 AIC MOLDED CASE CKT. BREAKERS.

BRANCH CIRCUIT LOADCENTERS SHALL BE SQUARE D COMPANY

4. WIRING DEVICES SHALL BE PLASTIC MINIMUM RATING OF 15 OR 20 AMPERES. COLORS SHALL BE AS SELECTED BY ARCHITECT.

5. TYPES OF WIRING AND RACEWAYS:

a. THE TYPES AND GRADES OF MATERIALS TO BE EMPLOYED IN THE WIRING SYSTEMS ARE SUBJECT TO BUILDING STRUCTURAL CONDITIONS AND THE GOVERNING CODES. ALL CONDUCTORS SHALL BE TYPE "THWN" COPPER.

b. UNLESS OTHERWISE NOTED, ALL WIRING SHALL BE RUN CONCEALED AND OUTLETS SHALL BE FLUSH MOUNTED IN Walls and ceilings.

c. NON-METALLIC TYPE "NMC" COPPER CONDUCTOR WITH GROUND WIRE SHALL BE USED FOR BRANCH CIRCUIT WIRING IN DWELLING UNITS.

d. METAL CLAD "MC" CABLE WITH COPPER CONDUCTORS SHALL BE USED FOR BRANCH CIRCUIT WIRING NO.10 AWG SIZE OR SMALLER EXCEPT LOCATION AS DESCRIBED IN "C" ABOVE, IT SHALL BE: COLEMAN CABLE SYSTEMS INC. "CORRA/CLAD", SOUTHLAND WIRE OR "AFC" WITH GROUND WIRE. CABLE SHALL BE SOLID, SEAMLESS CORRUGATED CONTINUOUS ALUMINUM SHEATH DESIGN PROVIDING CONTINUOUS ALUMINUM SHEATH DESIGN PROVIDING WATERTIGHT PROTECTION. CABLE SHEATH SHALL BE UL LABEL APPROVED FOR PROVIDING AN ADEQUATE PATH FOR EQUIPMENT GROUNDING. INTERLOCKING METAL TAPE DESIGN IS NOT APPROVED. NO "MC" CABLE SHALL BE RUN EXPOSED. PROVIDE EMT TYPE CONDUIT FOR RUNS WHEN SHOWN EXPOSED.

e. PROVIDE A CODE SIZE GREEN GROUND CONDUCTOR IN ALL CONDUITS & CABLES. INCREASE CONDUIT SIZE, IF REQUIRED, TO ACCOMMODATE THIS GROUND CONDUCTOR.

F. ALL ELECTRICAL PENETRATIONS OF FIRE RATED WALLS, PARTITIONS, FLOOR OR CEILINGS AND ELECTRICAL INSTALLATIONS IN HOLLOW SPACES, VERTICAL SHAFTS, AND VENTILATION OR AIR HANDLING DUCTS SHALL BE MADE TO PREVENT THE POSSIBLE SPREAD OF FIRE OR SMOKE AND TOXIC FUMES. FIRE STOPPING MATERIALS USED SHALL BE 3M BRAND CP-25 FIRE BARRIER CAULK INSTALLED IN AN APPROVED METHOD IN ACCORDANCE WITH NEC ARTICLES 300-21, 800-3(c), 110-3(b), UL AND THE AUTHORITY HAVING JURISDICTION.

6. REMOVE THE WIRING, WHERE NEW WORK IS SHOWN IN THE BUILDING. 7. VISIT THE SITE SO AS TO HAVE A FULL UNDERSTANDING OF THE

WORK IN CONNECTION WITH THE EXISTING BUILDING AND EXISTING GUARANTEE WORK TO BE FREE FROM DEFECTS OF MATERIAL AND WORKMANSHIP FOR A PERIOD OF ONE YEAR AFTER DATE OF FINAL

ACCEPTANCE OF THE WORK. ELECTRICAL OUTLET BOXES LOCATED ON OPPOSITE SIDES OF FIRE RATED WALLS SHALL BE SEPARATED BY A HORIZONTAL DISTANCE

OF 24 INCHES, UNLESS APPROVED OTHERWISE BY THE AUTHORITY HAVING JURISDICTION. 10. FURNISH CATALOG SHEETS OR CUTS (6 SETS) OF THE FOLLOWING:

a. PANELBOARDS. b. WIRING DEVICES. c. FIRE ALARM SYSTEM.

II. CONFORM TO ALL STATE, NATIONAL AND LOCAL CODES.

ARCHITECT (CONTRACTOR) BONDING CO

OWNER

THIS DRAWING IS GENERALLY DIAGRAMMATIC AND EXCEPT WHERE SPECIFICALLY DIMENSIONED OR DETAILED, INDICATES THE GENERAL ARRANGEMENT OF THE WORK THE CONTRACTOR SHALL INSTALL HIS WORK TO CONFORM AS NEARLY SHOWN. COORDINATE LOCATIONS AND ARRANGEMENTS SHOWN. COORDINATE THE WORK WITH ALL OTHER TRADES TO AVOID INTERFERENCES.

13. ALL MATERIALS EMPLOYED SHALL BE UL LISTED AND APPROVED AND BEAR THE UL OFFICIAL LABEL.

12. SECURE AND PAY ALL NECESSARY FEES AND PERMITS.

| | | | | |

Absorption Period four months months. I affirm that I have made a physical inspection of the market and surrounding area and the information obtained in the field has been used to determine the need and demand for LIHTC units. I understand that any misrepresentation of this statement may result in the denial of further participation in the South Carolina State Housing Finance & Development Authority's programs. I also affirm that I have no financial interest in the project or current business relationship with the ownership entity and my compensation is not contingent on this project being funded. This report was written according to the SCSHFDA's market study requirements. The information included is accurate and can be relied upon by SCSHFDA to present a true assessment of the low-income housing rental market.
